ACADEMIC APPOINTMENTS

Associate Professor with Tenure, Indigenous Education Counselling Psychology July 2018
Faculty of Education, University of Calgary, Calgary, Alberta Canada

Tenure-Track Assistant Professor, Indigenous Education Counselling Psychology
Faculty of Education, University of Calgary, Calgary, Alberta Canada

Tenure-Track Appointment July 1, 2013 to June 30, 2018

EDUCATION

- PhD Counselling Psychology, University of British Columbia May 2016
- MEd Counselling Psychology, University of Alberta June 2009
- BA (Major in Psychology) – Cooperative Work Experience
with Distinction, University of Alberta June 2007

CERTIFICATES AND LICENSURES

Provisional Registration, College of Alberta Psychologists April 2014-Present

Aboriginal Focusing Oriented Therapy & Complex Trauma Certificate Jan 2013-Jan 2014

- Received certification in Aboriginal Focusing Oriented Therapy & Complex Trauma through Justice Institute of British Columbia (Vancouver, BC) and Focusing Institute (New York). Training included 158 hours of classroom instruction, clinical practice, and clinical supervision/observation.
- Emphasizes integration of Focusing Oriented Therapy and Aboriginal/Indigenous treatment modalities, including experiential interventions, story telling, ceremonial processes and land-based healing techniques.

PROFESSIONAL LEAVES & DISRUPTIONS TO SERVICE

Maternity and parental Leave Sept 2020-Sept 2021

Medical Leave July 2020-Sept 2020

Research & Scholarship Leave July 2019-March 2020

RESEARCH EXPERIENCE

Research Grants Awarded:

Social Science and Humanity Research Council Insight Development Grant 2020-2022

- Co-investigator on the project *Medicalization of grief: Looping effects and its alternatives*, \$71,000

RESEARCH EXPERIENCE (CONT'D)

- Alberta Education Research Partnerships Project 2019-2022
- Co-investigator and key advisor on the project *Blackfoot Pedagogical Approaches Kunaitupii Curriculum Project: Trauma Wisdom 'Inside & Out'* in collaboration with Mount Royal University and Livingstone Range School District; \$175,000
- Social Sciences and Humanities Research Council Connections Grant 2018-2019
- Principal investigator on the project *Engaging Niitsitapiisinni: Centring Blackfoot Knowledges in Community-Driven Research*; \$50,000
- Indigenous and Northern Affairs Canada 2017-2019
- Principal investigator on the project *Toward Poo'miikapii: Applying Blackfoot Approaches to Wellness in Education*; \$147,395
- Canadian Institutes of Health Research Indigenous Mentorship Network Program 2017-2022
- Co-investigator on the project *Alberta Indigenous Mentorship in Health Innovation Network (AIM-HI Network)*; \$1,000,000
- Canadian Institutes of Health Research Indigenous Mentorship Network Program 2017-2022
- Collaborator on the project *Building Reconciliation Together: Transformative Intergenerational Mentorship*; \$1,000,000
- Canadian Institutes of Health Research Indigenous Approaches to Wellness Research Catalyst Grant 2017-2019
- Principal investigator on the project *Blackfoot Approaches to Wellness: Community Wellness through Health Education*; \$150,000
- Research Across Borders – International Research Seed Grant, University of Calgary 2016-2017
- Principal investigator on the project *Decolonizing and Indigenizing Urban Indigenous Health Services: Implementing a Medicine Bundle Framework to Better Serve Indigenous Peoples in Urban Spaces*; \$10,000
- Office of the Vice President (Research) Starter Grant, University of Calgary 2013-2015
- Principal investigator on the project *Restor(y)ing Indigenous Mental Health on Turtle Island: Deconstructing, Decolonizing, and Indigenizing Psychological Research with Indigenous Peoples in North America*; \$5000
- Werklund School of Education's Faculty Research Cluster Seed Funding, University of Calgary 2014
- Collaborator on the research cluster *Coming to Know: Indigenous Research Group*; \$1000
- Faculty of Education Graduate Student Research Grant, UBC 2013-2014
- For the project *Shaping Mental Health Services to Better Serve Indigenous Peoples Living in Urban Spaces*; \$500

RESEARCH EXPERIENCE (CONT'D)

Canadian Institutes of Health Research Doctoral Research Award 2011 to 2014

- For the project *First Nations perspectives on strengths and needs within western mental health service provision*; \$105,000

University of British Columbia Aboriginal Graduate Fellowship 2011 to 2014

- For the project *First Nations perspectives on strengths and needs within western mental health service provision*; \$52,000 plus 3 years tuition

University of British Columbia Four-Year Fellowship 2010 to 2014

- For the project *First Nations perspectives on strengths and needs within western mental health service provision*; \$10,667 accepted (full funding declined due to external grants)

Research Projects:

- *Blackfoot Pedagogical Approaches Kunitupii Curriculum Project: Trauma Wisdom 'Inside & Out'* (2019-Present): Co-investigator; In collaboration with Mount Royal University and Livingstone Range School District exploring the implementation of Blackfoot curricula and pedagogies, including Indigenous approaches to trauma work, among staff and students in Livingstone Range School District.
- *Alberta Indigenous Mentorship in Health Innovation Network (AIM-HI Network)* (January 2017-Present): Co-investigator; In collaboration with a province-wide multi-disciplinary team comprised of health researchers and stakeholders from various institutions and Indigenous communities, engaging in project that provides opportunities for Indigenous scholars to pursue and succeed in health research careers.
- *Toward Poo'miikapii: Applying Blackfoot Approaches to Wellness in Education* (August 2017-Present): Principal investigator; Completing community-based Indigenous research project investigating the impact of offering traditional and contemporary Blackfoot cultural and artistic engagement, as well as Blackfoot approaches to wellness in the classroom, as a means to address student wellness and educational engagement.
- *Blackfoot Approaches to Wellness: Community Wellness through Health Education* (September 2016-Present): Principal investigator; Completing community-based Indigenous research project investigating the development, implementation, and impact/implications of an accredited community-based health education program designed to address intermediate determinants of health through both health care and education, and build capacity for sustaining Blackfoot approaches to wellness in service provision among local Blackfoot communities.
- *Decolonizing and Indigenizing Urban Indigenous Health Services: Implementing a Medicine Bundle Framework to Better Serve Indigenous Peoples in Urban Spaces* (January 2016-Present): Principal investigator; Completing community-based Indigenous research project investigating the implementation of a decolonizing and Indigenizing framework in an urban-based Indigenous health organization.

RESEARCH EXPERIENCE (CONT'D)

- *Returning to Our Medicines: Decolonizing and Indigenizing Mental Health Services to Better Serve Indigenous Communities in Urban Spaces* (Sept 2012-Mar 2016): Completed all phases of doctoral dissertation research investigating how mental health services can better serve Indigenous communities in urban spaces, including development of an Indigenist nehiyaw-otipemisiwak (Cree/Métis) research paradigm (isihcikêwin) – which was used to guide all phases of research.
- *Restor(y)ing Indigenous Mental Health on Turtle Island: Deconstructing, Decolonizing and Indigenizing Psychological Research with Indigenous Peoples in North America* (Nov 2013-May 2015): Principal investigator; Co-designed mixed methods study investigating existing research with Indigenous communities in the field of psychology.

Scientific Reviews and Editing

American Journal of Community Psychology, New York Dec 2018-Present
Reviewer (Volunteer)

- Review articles submitted for publication in *American Journal of Community Psychology*.

Social Sciences and Humanities Research Council (SSHRC), Ottawa, Ontario Dec 2015-Present
Reviewer (Volunteer)

- Review relevant grant proposals submitted to SSHRC competitions.

Canadian Journal of Counselling Psychology, Calgary, Alberta Jan 2014-Present
Reviewer (Volunteer)

- Review articles submitted for publication in *Canadian Journal of Counselling Psychology*.

Journal of Indigenous Research, Utah, USA March 2012-Present
Reviewer (Volunteer)

- Review articles submitted for publication in *Journal of Indigenous Research*.

Max Bell Foundation, Calgary, Alberta Nov 2018-January 2019
Reviewer (Volunteer)

- Review relevant grant proposals submitted for funding.

Canadian Society for the Study of Education (CSSE) Sept 2016-January 2017
Reviewer (Volunteer)

- Review relevant conference proposals submitted for presentation at CSSE Conference

University of British Columbia, Vancouver Jan 2013-Mar 2013
Expert Reviewer, Master's Thesis in Counselling Psychology (Volunteer)

- Reviewed and provided detailed feedback regarding results and implications of a Master's level thesis regarding the implications of mindfulness-based interventions in therapist training programs.

Canadian Journal for Native Education, Vancouver
Graduate Student Editor (Volunteer)

May 2011-Aug 2011

- In collaboration with Jo-ann Archibald, Ph. D. (Professor, Associate Dean, Indigenous Education, UBC) and Jan Hare, Ph.D. (Associate Professor, UBC), co-edited 2011 Theme Issue of *Canadian Journal of Native Education*, “Indigenous Youth as the New Warriors.”
- Reviewed and edited articles submitted to journal, and wrote article summaries and personal introduction for journal editorial.

Other Research Experience

University of Calgary Faculty of Social Work, Edmonton
Faculty Research Manager

Oct 2009-Jan 2010

- Coordinated the conceptualization and implementation of collaborative projects among faculty members.
- Assisted faculty members in development of empirical studies to build research capacity.
- Directly involved in conceptual development, writing and submission of grant proposals, ethics applications, literature reviews, and methodological design of new projects.

University of Calgary Faculty of Social Work, Edmonton
Research Coordinator

June 2009-Jan 2010

- Worked closely with Principal Investigator to plan and manage research program and research team.
- Supervised research team personnel, including research assistants, summer students, and volunteers.
- Coordinated several research studies related to mental health, developmental disabilities, and enhancing quality of life in paediatric care, including coordinating participant recruitment and data collection, study administration, preparing consents and paperwork required by the Research Ethics Board, and organizing data entry and analysis.
- Directly involved in all phases of research, including conceptual development, writing and submission of grant proposals, ethics applications, literature reviews, methodology design, quantitative and qualitative data collection and analysis (primarily thematic analysis), manuscript writing, and knowledge translation.
- Completed all administrative tasks related to coordination of research studies, including financing, job advertising and hiring, scheduling meetings, and organizing travel.
- Wrote up manuscripts and book chapters for publication.
- Used Human Ethics Research Online (HERO) system and PeopleSoft for business administration and financial management.

Alberta Hospital Edmonton, Edmonton
Research Assistant

May 2008-Sept 2008

- Worked as part of a research team investigating prevention of inpatient violence through both quantitative and qualitative methods.

RESEARCH EXPERIENCE (CONT'D)

- Co-facilitated Reflective Solutions debriefing meetings on each unit to collectively process, learn from, and address situational issues related to aggression and violence. Wrote notes from meetings using a *Details-Discussion-Dilemma-Direction* framework. Summarized qualitative results of meetings according to primary themes.
- Collected quantitative and qualitative data and completed thematic analysis of client progress notes using a grounded theory approach in order to determine themes 24 hours prior to and following an episode of patient violence.

Key Accomplishments

- Independently created staff education materials regarding assertive communication and intervention strategies in order to increase effectiveness of non-violent intervention and decrease patient violence towards staff.
- Presented assertive communication materials to staff in Reflective Solutions debriefing meetings.
- Following completion of research, designed research posters and oral presentations that were presented at Margaret Scott Wright Research Day 2008 and Canadian Psychological Association Convention 2009.

Rosehaven Care Centre, Camrose

May 2005-May 2006

Psychology Intern

- Independently designed PowerPoint education module based on the literature examining assessment, diagnosis, and treatment of personality disorders in older adults, as well as possible inpatient care strategies for this population.
- Completed letter of intent, ethics summary and detailed learning plan for submission to Internship Coordinator.
- Collected and inputted data regarding restraint use in local healthcare facilities to reduce utilization of physical and chemical restraints.
- Calculated and graphed frequency and disruptiveness levels of resident behaviours, presenting results at interdisciplinary team conferences.

Key Accomplishments

- Presented education module to interdisciplinary clinical staff as part of the Bethany Group's Education Outreach team, subsequently presenting the education module to various locations across Alberta via TeleHealth.

Research Assistant (Volunteer)

Aug 2006-May 2007

- Under the supervision of Jamie Dyce, Ph.D., completed data collection and entry regarding number of publications completed by faculty members in psychology departments at various universities across Canada.

TEACHING & TRAINING EXPERIENCE

Postsecondary Courses Conceptualized, Developed & Designed:

University of Calgary, Calgary

April 2020-June 2020

Special Note: EDPS 645 Indigenous Approaches to Therapy & EDPS 693.23 Niitsitapii: Foundations for Wellness

- In response to the COVID-19 pandemic, had to convert these two land-based courses into virtual format, requiring travel into community to obtain video and audio recordings with Elders, as well as creating other videos and presentation materials on the land to demonstrate experiential activities and exercises for students
- Sought additional learning and mentorship in holding land-based Indigenous courses online

University of Calgary, Calgary

Dec 2016-June 2020

EDPS 645: Indigenous Approaches to Therapy

- In response to student interest and the calls to action of the Truth & Reconciliation Commission of Canada (TRC, 2015) and the accompanying task force report within the field of psychology (CPA & PFC, 2018), independently conceptualized and developed 3-credit graduate course integrating Indigenous ways of knowing, being, and doing into therapeutic practice and trauma work, including case conceptualization, the therapeutic alliance, treatment planning, interventions, and ethics. Addresses practice with individuals, families, groups, and communities.
- Course was first offered in July 2020 as a program requirement for Master of Science in Counselling Psychology, with admissions of graduate student applicants from other social, health, and community service programs.

University of Calgary, Calgary

Nov 2017-July 2017

Niitsitapiisinni: Real Peoples' Way of Life, Interdisciplinary MEd Topic

- In collaboration with a Council of Aawaahskataiksi (Elders and knowledge holders deemed Eminent Scholars within the Kainai community) in addition to community stakeholders, conceptualized, developed and designed a community-based four-course interdisciplinary Master of Education topic focused on Niitsi'tapiipohsinni (Blackfoot language), kiipatahpiisinoon (our way of life), and aakahtapiiyiitsiniksiin (old stories) through Niitistapii art and storytelling. This program takes place on the Kainai and Amskapi Piikani Reserves, and is delivered using traditional Niitsitapii pedagogical practices of experiential learning, oral knowledge sharing, and cultural mentorship in addition to scholarly learning.

EDER 669.24 Niitsi'tapiipohsinni: Blackfoot Language I

- Collaboratively conceptualized, developed and designed 3-credit graduate course addressing Niitsitapii grammar and vocabulary, with a focus on both oral and written language acquisition. Niitsitapii language concepts will be connected with and reinforced by land-based and cultural activities. Students will learn both practical and ceremonial use of the language. Course assignments will focus on applied student projects that aim to contribute directly and immediately to language revitalization and preservation among the Siksikaitsitapi through creative and innovative methods, including new media.

TEACHING & TRAINING EXPERIENCE (CONT'D)

EDER 659.01 Kiiyatahpiisinoon: Niitsitapi History and Politics

- Collaboratively conceptualized, developed and designed 3-credit graduate course addressing kiiyatahpiisinoon (our ways of life) through understanding history, politics, and traditional governance systems among the Siksikaitsitapi. Students will learn through creation stories, Napi stories, how the Niitsitapii got their bundles and their helpers, Niitsitapii heros and historical figures, and will span from the creation days to litotasimahpi limitaiks (the dog days), to Ao'ta'sao'si Ponokaomita (the era of the horse), to Ao'maopao'si (from when we settled in one place) to today. Students will learn about traditional governance systems, law and order, belief systems, social organization, and how the Siksikaitsitapi came to be who they are.

EDER 655.02 Aakahtapiiyiitsiniksiin: Niitsitapi Art and Storytelling

- Collaboratively conceptualized, developed and designed 3-credit graduate course addressing aakahtapiiyiitsiniksiin (old stories) through Niitsitapii art and storytelling. Students will learn about traditional forms of art, including petroglyphs, painted lodges, winter counts, war counts, ceremonial clothing and regalia, and personal art forms and designs such as beadwork and quillwork. Students will also learn about artistic developments since European contact and the reservation period, including modern art. This course will introduce students to Niitsitapi storytelling as a way of discerning traditional knowledge, and will cover traditional stories as well as contemporary forms of storytelling such as film, visual art, literature, and music.

EDER 669.25 A/B Niitsi'tapiipohsinni: Blackfoot Language II

- Collaboratively conceptualized, developed and designed 3-credit graduate course addressing Niitsitapii grammar and vocabulary, with a focus on both oral and written language acquisition. This course follows from and expands upon EDER 669.24, described above.

University of Calgary, Calgary

Sept 2016-July 2016

Poo'miikapii: Niitsitapii Approaches to Wellness, Interdisciplinary MEd Topic

- In collaboration with a Council of Aawaahskataiksi (Elders and knowledge holders deemed Eminent Scholars within the Kainai community) from the Kainai Nation in addition to community stakeholders, conceptualized, developed and designed a community-based four-course interdisciplinary Master of Education topic centred in Niitsitapii (Blackfoot) ways of knowing, being, and doing in relation to community wellness, and drawing on ground breaking theory and practice in Indigenous health. This program takes place on the Kainai First Nation Reserve, and are delivered using traditional Niitsitapii pedagogical practices of experiential learning, oral knowledge sharing, and cultural mentorship in addition to scholarly learning.

EDPS 693.23 Niitsitapii: Foundations for Wellness

- Collaboratively conceptualized, developed and designed 3-credit graduate course addressing what it means to be Niitsitapii (a person of truth) as a foundation for personal and collective wellness, including practices that promote emotional, physical, spiritual, and mental wellness, with a focus on those practiced in the summer. This course introduces cultural protocols for ceremonial and cultural engagement, and explores the relevance of these protocols to students' work with communities.

TEACHING & TRAINING EXPERIENCE (CONT'D)

EDPS 693.24 Aksistoiypaittapiisinni & Iskaipima

- Collaboratively conceptualized, developed and designed 3-credit graduate course addressing aksistoiypaittapiisinni (being resourceful in the face of challenges) and iskaipima (guiding people onto a better path) in service provision and education. This course deconstructs conventional Western Eurosettler conceptualizations of trauma-as-pathology, and focuses on Indigenous survivance, including the ancestral, collective, and personal knowledges and wisdom that emerge through difficult experiences. This course introduces students to iskaipima, and other Indigenous approaches to counselling that may be directly applied in their work with communities.

EDPS 693.25 A/B Poo'miikapii: Collective Unity, Harmony, and Balance

- Collaboratively conceptualized, developed and designed 3-credit graduate course addressing how poo'miikapii (harmony, balance, unity) may be fostered in Indigenous communities, including practices that promote emotional, physical, spiritual, and mental wellness, with a focus on those practiced in the fall and winter. This course expands on cultural protocols for ceremonial and cultural engagement, and explores the relevance of these protocols to students' work with communities.

EDPS 693.26 Iihpkim Mootspi: Capstone

- Collaboratively conceptualized, developed and designed 3-credit graduate course addressing ihpkim mootspi (passing on the teachings one has received) through a service-learning project that engages students in bringing Niitsitapii ethics, standards, and practices into their work, providing the opportunity to apply their learning with a community group or organization through a project that has a direct and immediate benefit to the community.

University of Calgary, Calgary

Nov 2013-Sept 2014

EDER 603.30 Perspectives on Indigenous Methodologies

- In collaboration with colleagues in Indigenous Education (Dr. Jacqueline Ottmann, Dr. Gregory Lowan-Trudeau, Dr. Yvonne Poitras-Pratt, Dr. Phyllis Steeves, and Lyn Daniels) conceptualized, developed and designed 3-credit graduate course addressing Indigenous ways of knowing, being, and doing within the context of research methodologies. Local, national and international perspectives are integrated to provide a breadth of material and understanding for students to engage with.

Postsecondary Courses Taught:

University of Calgary (Virtual)

July 2020

EDPS 645: Indigenous Approaches to Therapy

- Instructed 3-credit graduate course on integrating Indigenous ways of knowing, being, and doing into therapeutic practice, including case conceptualization, the therapeutic alliance, treatment planning, interventions, and ethics with individuals, families, and groups.

TEACHING & TRAINING EXPERIENCE (CONT'D)

University of Calgary (Virtual) July 2020

EDPS 693.23 Niitsitapii: Foundations for Wellness

- Instructed 3-credit graduate course in collaboration with Elder Mike Bruised Head regarding what it means to be Niitsitapii (a person of truth) as a foundation for personal and collective wellness.

University of Calgary, Standoff (Kainai Reserve) Jan 2018-April 2019

EDPS 693.26 Iihpkim Mootspi: Capstone

- In collaboration with local knowledge holders, instructed 3-credit graduate course addressing ihpkim mootspi (passing on the teachings one has received) through a service-learning project that engages students in bringing Niitsitapii ethics, standards, and practices into their work, providing the opportunity to apply their learning with a community group or organization through a project that has a direct and immediate benefit to the community.

University of Calgary, Standoff (Kainai Reserve) Sept 2017-April 2019

EDPS 693.25 A/B Poo'miikapii: Collective Unity, Harmony, and Balance

- In collaboration with local knowledge holders, instructed 3-credit graduate course addressing how poo'miikapii (harmony, balance, unity) may be fostered in Indigenous communities, including practices that promote emotional, physical, spiritual, and mental wellness, with a focus on those practiced in the fall and winter.

University of Calgary, Standoff (Kainai Reserve) Sept 2017-Dec 2018

EDPS 693.24 Aksistoiypaittapiisinni & Iskaipima

- In collaboration with local knowledge holders, instructed 3-credit graduate course addressing aksistoiypaittapiisinni (being resourceful in the face of challenges) and iskaipima (guiding people onto a better path) in health service provision and education, including deconstructing conventional Western Eurosettler conceptualizations of trauma-as-pathology, and focusing on Indigenous survivance, including the ancestral, collective, and personal knowledges and wisdom that emerge through difficult experiences.

University of Calgary, Standoff (Kainai Reserve) July 2017-Aug 2018

EDPS 693.23 Niitsitapii: Foundations for Wellness

- Co-instructed 3-credit graduate course with Dr. Betty Bastien (Piikani professor emeritus, Faculty of Social Work) regarding what it means to be Niitsitapii (a person of truth) as a foundation for personal and collective wellness.

University of Calgary, Calgary Jan 2017-April 2017

EDPS 624: Cultural and Social Justice Issues in Professional Practice

- Instructed two concurrent sections of core 3-credit graduate course regarding professional competencies in working with individuals and groups from non-dominating populations through addressing the intersections between counsellors' and clients' multiple identities related to age, ability, gender, sexual orientation and identity, race, ethnicity, nationality, religion, spirituality, socioeconomic status, and other aspects of identity.

TEACHING & TRAINING EXPERIENCE (CONT'D)

Aboriginal Focusing-Oriented Therapy & Complex Trauma Program, Duluth

Coach, COUN-3205 (Focusing-Oriented Therapy & Complex Trauma 1)

Jan 2017

- Coached one core module in the Aboriginal Focusing-Oriented Therapy and Complex Trauma Certificate Program in Duluth, MN, providing instructional support to primary instructors and direct clinical supervision and training to students in basic Focusing-Oriented Therapy techniques alongside neurological research and its implications on trauma treatment from an Aboriginal perspective, and how the body holds and releases trauma.

University of Calgary, Calgary

Sept 2016-Dec 2016

EDPS 625: Cultural Influences on Professional Practice

- Redesigned and instructed core 3-credit graduate course regarding professional competencies in working with individuals and groups from non-dominating populations through addressing the intersections between counsellors' and clients' multiple identities related to age, ability, gender, sexual orientation and identity, race, ethnicity, nationality, religion, spirituality, socioeconomic status, and other aspects of identity.

University of Calgary, Calgary

Sept 2016-Dec 2016

EDUC 530: First Nations, Métis & Inuit (FNMI) History, Education and Leadership

- Collaboratively contributed to course outline revisions and instructed core 3-credit course regarding historical and contemporary legislation, educational policy, pedagogy and practices related to Indigenous peoples, with a focus on First Nations, Métis and Inuit (FNMI) peoples in Canada.
- Implemented Indigenous pedagogies and curriculum to prepare students to develop relationships/partnerships, lessons, programs, pedagogies, practices, and policies that support Indigenous perspectives as future educators.

Aboriginal Focusing-Oriented Therapy & Complex Trauma Program, Minneapolis

Coach, COUN-3210 (Focusing-Oriented Therapy & Complex Trauma 2); COUN-3215

(Focusing-Oriented Therapy & Complex Trauma 3); COUN-3220 (Depression, Grieving &

Complex Trauma); COUN-3225 (Clinical Spirituality & Complex Trauma); and COUN-3230

(Dreams & Complex Trauma)

March 2016 – Dec 2017

- Coached five core modules in the Aboriginal Focusing-Oriented Therapy and Complex Trauma Certificate Program in Minneapolis, MN, providing instructional support to primary instructors and direct clinical supervision and training to students in a number of topics related to Indigenous psychotherapeutic theory, case conceptualization, assessment, and treatment planning and implementation.

University of Calgary, Calgary

Jan 2016-April 2016

EDPS 664: Psychological Approaches to Health

- Redesigned and instructed core 3-credit graduate course regarding holistic approaches to wellness and how human psychology and health intersect.

TEACHING & TRAINING EXPERIENCE (CONT'D)

University of Calgary, Calgary Jan 2016-April 2016

EDPS 624: Cultural and Social Justice Issues in Professional Practice

- Instructed core 3-credit graduate course regarding professional competencies in working with individuals and groups from non-dominating populations through addressing the intersections between counsellors' and clients' multiple identities related to age, ability, gender, sexual orientation and identity, race, ethnicity, nationality, religion, spirituality, socioeconomic status, and other aspects of identity.

Aboriginal Focusing-Oriented Therapy & Complex Trauma Program, Minneapolis

Co-Instructor, COUN-3200 (Complex Trauma) & COUN-3205 (Focusing-Oriented Therapy & Complex Trauma I) Jan 2016-March 2016

- Co-instructed two core modules in the Aboriginal Focusing-Oriented Therapy and Complex Trauma Certificate Program in Minneapolis, MN, including COUN-3200 (Complex Trauma) and COUN-3205 (Focusing-Oriented Therapy & Complex Trauma I)
 - COUN-3200 addresses the impacts and assessments of complex trauma within self, family, communities, and systems (residential schools, governments, agencies, etc.) and how to prepare an appropriate foundation for processing trauma.
 - COUN-3205 addresses basic Focusing-Oriented Therapy techniques alongside neurological research and its implications on trauma treatment from an Aboriginal perspective, and how the body holds and releases trauma.

University of Calgary, Calgary

Jan 2014-April 2014

EDPS 624: Cultural and Social Justice Issues in Professional Practice

- Redesigned and instructed core 3-credit graduate course regarding professional competencies in working with individuals and groups from non-dominating populations through addressing the intersections between counsellors' and clients' multiple identities related to age, ability, gender, sexual orientation and identity, race, ethnicity, nationality, religion, spirituality, socioeconomic status, and other aspects of identity.

University of Calgary, Calgary

Sept 2013-Dec 2013

EDPS 602: Counselling Theories and Professional Practice

- Redesigned and instructed core 3-credit graduate course regarding the historical and theoretical foundations of clinical and counselling psychology, including facilitating students' articulation of their own theoretical orientations to counselling.

Native Education College, Vancouver

Jan 2013-April 2013

Psychology 101: Introduction to Psychology

- Independently designed and instructed 3-credit introduction to psychology course examining historical development of psychology, scientific methodology, evolutionary psychology, states of consciousness, learning, socio-cultural determinants of behaviour, intelligence, memory, emotion, motivation, stress, personality, psychological disorders, and systems of therapy.

TEACHING & TRAINING EXPERIENCE (CONT'D)

Native Education College, Vancouver Jan 2013-April 2013

Psychology 140: Introduction to Trauma Counselling

- Modified and instructed 6-credit course exploring trauma and trauma theory, peoples' responses to trauma, and a variety of therapeutic strategies including dialogical, experiential, and cultural. Discussions include a historical overview of the impact of genocide on Indigenous people and intergenerational trauma.

UBC Department of Counselling Psychology, Vancouver

Sept 2012-Dec 2012

Counselling Psychology 362: Basic Interviewing Skills

- Developed materials, lectures, and lesson plans for, and instructed 3-credit senior undergraduate counselling psychology course focusing on the theory and practice of counselling, with a particular emphasis on development of basic counselling skills based on Egan's integrative model of interpersonal helping.

Native Education College, Vancouver

Jan 2012-April 2012

Psychology 140: Introduction to Trauma Counselling

- Modified and instructed 6-credit course exploring trauma and trauma theory, people's responses to trauma, and a variety of therapeutic strategies including dialogical, experiential, and cultural. Discussions include a historical overview of the impact of genocide on Indigenous people and intergenerational trauma.

University of Alberta Faculty of Augustana, Camrose

Sept 2009-Dec 2009

Psychology 256: Developmental Psychology

- Independently developed lectures and lesson plans for each class using Power Point presentations, audio-visual materials, class discussions, and group work, and instructed 3-credit senior undergraduate developmental psychology course exploring physical, cognitive, and social development in humans from conception through adolescence.

Student Supervision:

*Supervisor, Stephanie Tipple, PhD Counselling Psychology
University of Calgary*

Sept 2021 - Present

*Supervisor, Asher Friedland, MSc Counselling Psychology
University of Calgary*

Sept 2021 - Present

*Supervisor, Maureen Plante, MSc Counselling Psychology
University of Calgary*

Sept 2021 - Present

*Supervisor, Nevada Ouellette, PhD Counselling Psychology
University of Calgary*

Sept 2020 - Present

*Supervisor, Ann Jirousek, EdD Learning Sciences
University of Calgary*

Sept 2020 - Present

TEACHING & TRAINING EXPERIENCE (CONT'D)

Committee Member, Dustin Walter, PhD Health Sciences *Sept 2020 - Present*
University of Calgary

Supervisor, Shannon Tabor, PhD Counselling Psychology *Sept 2018 - Present*
University of Calgary

Supervisor, Melissa Lindberg, MSc Counselling Psychology *Sept 2018 - Present*
University of Calgary

Committee Member, Dawn Villebrun, PhD Counselling Psychology *Sept 2016 - Present*
University of Alberta

Co-Instructor/Coach

Jan 2017

- Completed 3.5 hours of independent direct supervision of clinical practice for one core module in the Aboriginal Focusing-Oriented Therapy and Complex Trauma Certificate Program in Duluth, MN.

Aboriginal Focusing-Oriented Therapy & Complex Trauma Program, Minneapolis

Co-Instructor/Coach

Jan 2016-Dec 2016

- Completed 24.5 hours of independent direct supervision of clinical practice for seven core modules in the Aboriginal Focusing-Oriented Therapy and Complex Trauma Certificate Program in Minneapolis, MN.

Indian Health Board of Minneapolis, Minneapolis MN

Aug 2014-Aug 2015

Psychology Intern, Counseling & Support

- Completed over 2217 total hours counselling primarily Native American individuals, families, and groups ranging in age from 5 years to elderly; receiving individual and group supervision; participating in and facilitating training seminars; completing case conceptualization, assessment, and treatment planning; administering, scoring, interpreting, and reporting intellectual and personality assessments; initiating and integrating community-driven, culturally-based interventions; and participating in strategic planning and organizational development.
- Participated in extensive community outreach and internal and external consultation regarding health service provision and counselling with Native American clients.

Key Accomplishments

CLINICAL EXPERIENCE (CONT'D)

- Collaboratively developed a number of community-based programs and services, including a women's drum group, a two-spirit support group, traditional medicine making, sweat lodge ceremonies, the regular use of traditional medicines in clinical work, and traditional talking circles in both clinical work and staff meetings.
- Participated in organizational strategic planning and co-facilitated leadership retreat to address decolonizing and Indigenizing praxis.
- Received exemplary feedback from clients, supervisors, and coworkers regarding clinical, consultation, and organizational development skills.

Clinical Practice in Aboriginal Focusing Oriented Therapy, Vancouver Jan 2013-Jan 2014
Completed in Partial Fulfillment of Certification Requirements

- Completed over 20 supervised hours of individual psychotherapy/peer supervision using Aboriginal Focusing Oriented Therapy with primarily Aboriginal clients aged 30 to 68 years old. Issues were primarily intergenerational and complex trauma with comorbid conditions, including anxiety, grief, family difficulties, and relationship issues.

Scarfe Counselling/UBC Counselling Services, UBC, Vancouver Sept 2011-April 2012
Supervisor (Practicum), Department Clinic/University Counselling Centre

- Completed 132 hours supervising diverse Master's students completing their counselling practicums working with a diverse client population referred primarily through UBC Counselling Services (community mental health referrals were also accepted).

Key Accomplishments

- Received exemplary feedback from both supervisors and supervisees regarding ability to establish and maintain a strong supervisory relationship, facilitating supervisees' theoretical and clinical development, delivery of training seminars, and selection and application of supervisory exercises and interventions.

New Westminster Counselling Centre, Vancouver Sept 2010-April 2011
Therapist (Practicum), Community Mental Health Clinic

- Completed 46 direct client contact hours of individual counselling with clients aged 27 to 80 years old. Client issues included family difficulties, anger management, anxiety, depression, trauma, emotional regulation, grief, and end of life issues.
- Regularly participated in mutual case consultation with colleagues.

Key Accomplishments

- Received exemplary feedback from supervisors and clients regarding ability to establish and maintain a strong therapeutic relationship, judgement in choosing a treatment plan, and selection and application of therapeutic interventions.
- Contributed to clinically significant client change, as evidenced by client ratings on Outcome Rating Scale (Miller & Duncan, 2000).

CLINICAL EXPERIENCE (CONT'D)

*University of Alberta Student Counselling Services, Edmonton
Psychology Intern (Therapist), University Counselling Centre*

Jan 2010-May 2010

- Completed 257 direct client contact individual counselling hours with diverse populations of university students ranging in age from 17 to 34 years old. Client issues included interpersonal difficulties, career decisions, depression, anxiety, self-injury, assertiveness, parenting difficulties, identity development, history of physical and sexual abuse, personality disorders, substance abuse, eating disorders, grief, trauma, and cultural issues.
- Regularly participated in mutual case consultation with colleagues.
- Attended team meetings and contributed feedback regarding policies and procedures.

Key Accomplishments

- Received exemplary feedback from both supervisors and clients regarding ability to establish and maintain a strong therapeutic relationship, judgement in choosing a treatment plan, and selection and application of therapeutic interventions.
- Received exemplary feedback from supervisor regarding ethical and professional conduct and counselling skills.
- Contributed to clinically significant client change, as evidenced by client ratings on Outcome Rating Scale (Miller & Duncan, 2000).

*University of Alberta Student Counselling Services, Edmonton
Therapist (Practicum), University Counselling Centre*

Sept 2008-April 2009

- Completed 202 direct client contact counselling hours (out of an expected 140 hours), including both individual and group therapy with diverse populations of university students ranging in age from 18 to 45 years old. Client issues included anxiety, depression, trauma, eating disorders, interpersonal difficulties, history of physical and sexual abuse, cultural issues, self-injury, assertiveness, parenting difficulties, identity development, substance abuse, career decisions, and grief.
- Regularly participated in mutual case consultation with colleagues.
- Attended team meetings and contributed feedback regarding policies and procedures.

Key Accomplishments

- Participated in several types of counselling, including individual counselling, observed sessions with supervisor, reflecting teams, co-therapy and group therapy.
- Received exemplary feedback from both supervisors and clients regarding ability to establish and maintain a strong therapeutic relationship, judgement in choosing a treatment plan, and selection and application of therapeutic interventions.
- Received exemplary feedback from supervisors regarding ethical and professional conduct and counselling skills.
- Contributed to clinically significant client change, as evidenced by client ratings on Outcome Rating Scale (ORS; Miller & Duncan, 2000).

CLINICAL EXPERIENCE (CONT'D)

University of Alberta Clinical Services, Edmonton

Sept 2008-April 2009

Assessment (Practicum), Department Mental Health Clinic

- Completed 12 psychoeducational assessments consisting of 512 hours of practicum under supervision by a registered psychologist, including administration and scoring of the tests, writing integrated assessment reports, and feedback sessions with clients.
- Administered numerous intelligence, achievement, visual-motor and behavioural/emotional functioning assessments, including (but not limited to) the Beck Depression Inventory, Beck Anxiety Inventory, Stanford-Binet 5, WAIS-III, Adult Attention Deficit Disorders Evaluation Scale, Connors Adult Attention Rating Scale, Woodcock-Johnson-III, Behavior Assessment System for Children (BASC), WISC-IV, Developmental Test of Visual-Motor Integration (Beery), Wechsler Individual Achievement Test (WIAT), Woodcock-Johnson-III, and the Adaptive Behaviour Assessment System-II.

Key Accomplishments

- Received exemplary feedback from supervisor and professor regarding test scoring, test result interpretation and report writing.
- Received positive feedback from clients regarding recommendations provided in assessment reports.

University of Alberta Clinical Services, Edmonton

Sept 2007-April 2008

Therapist (Practicum), Department Mental Health Clinic

- Completed 40 direct client contact counselling hours.
- Completed vocational assessment, scoring, and interpretation involving Strong Interest Inventory and Myers-Briggs Type Indicator.
- Client issues addressed include mid-life career change, interpersonal difficulties, self-esteem, perfectionism, history of physical and sexual abuse, stress, anger management, and assertiveness.

Key Accomplishments

- Received positive feedback from supervisors, professors and clients regarding counselling skills, including ability to maintain a strong therapeutic alliance and selection and timing of therapeutic interventions.
- Received positive feedback from supervisor regarding ethical and professional conduct.
- Participated in reflecting teams and regular mutual case consultation with peers.

CLINICAL EXPERIENCE (CONT'D)

Rosehaven Care Centre, Camrose

May 2005-May 2006

Psychology Intern (Practicum), Inpatient Psychiatric Hospital

- Worked under supervision of a registered psychologist as part of an interdisciplinary team evaluating inpatient functioning and developing individualized behaviour management regimens for patients.
- Administered and scored several Modified Mini-Mental Status Exams (3MS) with psychiatric inpatient population, completing written reports of results.
- Worked with inpatients individually and in recreational group settings to improve quality of life and promote cognitive functioning and skills maintenance.
- Calculated and graphed frequency and disruptiveness levels of resident behaviours, presenting results at interdisciplinary team conferences.

Key Accomplishments

- Received positive feedback from patients, supervisor, and interdisciplinary team members regarding ability to maintain strong working relationships with clients and ability to carry out and interpret assessments in context of interdisciplinary treatment.

OTHER RELEVANT WORK EXPERIENCE

maskihkiy wellness, Calgary AB

July 2020-Aug 2020

Professional Development Workshop (virtual)

- Developed and facilitated “Indigenous approaches to counselling and trauma work” three week experiential trauma workshop for various front line and clinical service providers in Southern Alberta.

Denisiqi Services Society (DSS), Williams Lake BC

- Provided consultation to Indian Education regarding professional development with teachers working with Indigenous students within Minneapolis Public Schools.
- Conceptualized, presented, and delivered workshops on decolonizing and Indigenizing work within schools in order to promote wellness and facilitate academic achievement among Indigenous students.

Indian Health Board of Minneapolis, Minneapolis

Aug 2014-Aug 2015

Program Development

- In collaboration with the local community and other providers at the Indian Health Board of Minneapolis (IHB), coordinated development and implementation of community-based cultural programs to promote mental, emotional, physical, and spiritual health among Indigenous peoples at IHB. These programs included: traditional medicine making, sweat lodges, drumming and singing groups, talking circles, and regular integration of cultural interventions such as smudging into individual clinical practice.

Indigenous Knowledge, Research, & Protocol Subcommittee, Calgary

Sept 2013-Aug 2014

- Member of institution-wide subcommittee at the University of Calgary aimed at facilitating the integration of Indigenous knowledges, research, and protocols into rigorous academic work in ways that respect traditional ways of being and doing.

Indigenous Studies Committee, University of Calgary

Sept 2013-Aug 2014

- Collaborating with Indigenous Studies program at the University of Calgary through sitting as a member of the “Indigenous Studies Committee.”

Diversity Education Subcommittee, University of Calgary

Oct 2013

- Counselling psychology representative on committee aimed at redesigning course on Student Diversity/Diversity Education as required in Bachelor of Education program at the University of Calgary.

PROFESSIONAL & SERVICE ACTIVITIES (CONT'D)

Truth and Reconciliation National Event, Vancouver *Sept 2013*
Workshop Volunteer

- Assisted with ceremonial cleansing and distribution of medicines at workshop titled “Reconciling Indigenous Healing and Health Education Leadership” as part of the Truth and Reconciliation Commission of Canada’s National Event in Vancouver, BC.

Indigenizing the Academy International Forum, Vancouver *April 2013*
Drummer/Singer (Volunteer)

- Drummed and sang with group of graduate students at International forum “Indigenizing the Academy” at the University of British Columbia.

Disconnection, Dependency, and Indigenous Resurgence Workshop, Vancouver *Mar 2013*
Drummer/Singer (Volunteer)

- Drummed and sang with group of graduate students at workshop delivered by Dr. Taiaiake Alfred, “Disconnection, Dependency, and Indigenous Resurgence.”

Indigenous Graduate Student Symposium, Vancouver *Nov 2012-April 2013*
Co-Chair of Planning Committee (Volunteer)

- Co-chaired planning of Indigenous Graduate Student Symposium, including theme, and abstract adjudication.
- Edited abstracts and scheduled presentations according to themes.

Morita Therapy Study Group, Vancouver (Volunteer) *Oct 2010-Aug 2012*

- Attended lectures and discussions related to the application of Japanese psychotherapeutic approach, Morita Therapy.
- Completed presentation for study group regarding personal theoretical approach, titled *Mindfulness-Informed Existential Psychotherapy*.

Doctoral Program Representative, UBC, Vancouver (Volunteer) *Sept 2010-Aug 2012*

- Attended regular area and departmental meetings as representative for doctoral students in Counselling Psychology program at the University of British Columbia.
- Acted as liaison between students and faculty members to address student concerns and facilitate improvements in the doctoral program.

American Educational Research Association Annual Meeting, Vancouver *April 2012*
Drummer/Singer (Volunteer)

- Drummed and sang with group of graduate students at both the Indigenous pre-conference and at annual meeting before and after keynote address (Dr. Linda Tuhiwai Smith) and distinguished lecture (Dr. Jo-ann Archibald).

PROFESSIONAL & SERVICE ACTIVITIES (CONT'D)

Indigenous Graduate Student Symposium, Vancouver *Nov 2011-Mar 2012*
Planning Committee Member (Volunteer)

- Participated in planning of Indigenous Graduate Student Symposium, including theme, abstract adjudication, setting up and taking down, and facilitating presentations during conference.
- Edited abstracts, scheduled presentations according to themes, and assisted in design of conference program.

Interdisciplinary Roundtable on Diversity, UBC, Vancouver *Feb 2011-Dec 2011*
Co-founder/Coordinator (Volunteer)

- In collaboration with two other graduate students and consulting faculty members, developed the *Interdisciplinary Roundtable on Diversity*, an initiative aimed at advancing equity and diversity in accordance with UBC's strategic plan, *Valuing Difference: A Strategy for Advancing Equity and Diversity at UBC*.
- Participated in co-development of mission, vision, and guidelines of the group.
- Coordinated and participated in meetings with Dean, Equity Office, and Office of the Provost and Vice President Academic.
- Initiated Dean's Speaker Series on diversity, bringing together deans, faculty, staff, and students to share research and discuss issues of diversity.

The Global Indigenous Conference, Vancouver (Volunteer) *April 2011*

- Participated in 2-day conference as general volunteer, assisting in set up and takedown, food preparation and administration, and ensuring comfort of visiting key note speakers.
