**Lectures, Interviews, etc., in Non-Academic Settings:**

I have given over the years about 80-100 invited lectures on philosophical to professional associations, schools, churches, and various organizations.

I addition I have done numerous interviews and guest appearances on "talk shows" on local and national radio and television stations (CBC radio and television, CBC Newsworld, CK99 radio and television, CKIK radio, CKXL radio, CFAC television), discussing suicide, euthanasia, genetic screening, abortion, hard moral choices.   There have been similar appearances on CBC-TV Newsworld. I have also done a ten part series on the history of philosophy on CKSW. I was a regular participant in Anne Petrie's discussion show in the years 2000-2002on  CBC Newsworld, repeated on Vision TV: the show is called "The Moral Divide".
