

PAUL E RONKSLEY, PhD

I. Biographical Data

Work Address: Cal Wenzel Precision Health Building – 3E18B
3280 Hospital Drive NW
Calgary, Alberta, Canada
T2N 4Z6

Telephone: (403) 220-8820
Fax: (403) 210-9165

Email: peronksl@ucalgary.ca

Present Rank: Professor (Tenured)
Department: Community Health Sciences
Faculty: Cumming School of Medicine
Institution: University of Calgary

II. Academic Record

Final Degree: Doctor of Philosophy (PhD)
Date Completed: February 2013
Specialty: Epidemiology
Institution: University of Calgary, Alberta, Canada

Post-doctoral Fellowship (2013-2014)
- Specialization: Epidemiology
- Department of Clinical Epidemiology, Ottawa Hospital Research Institute (OHRI)

PhD (2008-2013)
- Specialization: Epidemiology
- Department of Community Health Sciences, University of Calgary
- Thesis: Unmet Health Care Needs and Adverse Outcomes for Patients with Chronic Disease (<http://theses.ucalgary.ca/handle/11023/565>)

MSc (2006-2008)
- Specialization: Epidemiology
- Department of Community Health Sciences, University of Calgary
- Thesis: Association between Severity of Obstructive Sleep Apnea and Health Care Utilization (<https://dspace.ucalgary.ca/handle/1880/46779>)

BSc (1997-2001)
- Specialization: Biological Sciences (minor: Psychology), University of Calgary

III. Awards and Distinctions

- 2019 – Canadian Foundation for Healthcare Improvement (CFHI) Policy Circle Member
(Awarded to Finalists for the Canadian Harkness Fellowship in Health Policy)
- 2019 – Telemachus Distinguished Mentorship Award
Clinical Investigator Program (CIP), Cumming School of Medicine, University of Calgary
- 2018 – Great Supervisor Award
Faculty of Graduate Studies, Cumming School of Medicine, University of Calgary
- 2013 - Canadian Institutes of Health Research (CIHR) (\$100,000 – 2 year tenure)
Postdoctoral Fellowship Award
Supplementary Bisby Fellowship Prize for Highest Ranked Applicant
- 2012 – Dean’s Publication and Mentorship Prize (\$10,000)
Faculty of Medicine, University of Calgary
- 2012 – Canadian Institutes of Health Research (CIHR) - Travel Award - Institute Community Support Winter 2012 Competition – (\$1,500 Award declined)
- 2011 - Faculty of Graduate Studies Travel Award (\$1,000)
Department of Graduate Studies, University of Calgary
- 2011 - Prairie Regional Research Data Centre Student Incentive Grant (\$2,000)
Statistics Canada, Ottawa, ON
- 2010 - Canadian Institutes of Health Research (CIHR) (\$105,000 – 3 year tenure)
Frederick Banting and Charles Best Canada Graduate Scholarship – Doctoral Award
- 2009 - Queen Elizabeth II Doctoral Graduate Scholarship (\$15,000)
Department of Graduate Studies, University of Calgary
- 2008 - Achievers in Medical Science Graduate Scholarship (\$25,000)
Department of Community Health Sciences, University of Calgary
Awarded for academic excellence.
- 2008 - Alberta Learning Scholarship for Academic Excellence (\$2,000)
Department of Community Health Sciences, University of Calgary
- 2006 - Graduate Student Fee Remission Award – University of Calgary (\$500)

IV: Academic Appointments

July 2025 – Present:

- Professor (Tenured) - Department of Community Health Sciences
Cumming School of Medicine, University of Calgary, Canada

May 2024 – Present:

- Adjunct Professor - Department of Community Health Sciences, Max Rady College
of Medicine, University of Manitoba, Canada

July 2022 – Present:

- Honorary Senior Fellow - The George Institute for Global Health - affiliated with the
University of New South Wales, Sydney, Australia

July 2019 – June 2025:

- Associate Professor (Tenured) - Department of Community Health Sciences
Cumming School of Medicine, University of Calgary, Canada

October 2014 – June 2019:

- Assistant Professor (Tenure-track) - Department of Community Health Sciences
Cumming School of Medicine, University of Calgary, Canada

V: Educational Activities

January 2025 – Present: Course Coordinator (MDCH 740)

- Course instructor and coordinator for Advanced Epidemiology – Winter semester
(~15 participants per semester)

September 2015 – Present: Course Coordinator (MDCH 741)

- Course instructor and coordinator for Systematic Reviews and Meta-analysis – Fall
semester (~30 participants per semester)

MSc Supervision:

In-progress: (n=3)

September 2024 – Present: Committee Member

- Dr. Amelia Srajer – MSc Student – Department of Community Health Sciences
- Thesis title: Costs of treating severe maternal morbidity and the implications of race and
insurance status

September 2024 – Present: Committee Member

- Dr. Alex Crensil – MSc Student – Department of Medicine (Division of Pulmonary
Medicine), University of Alberta

- Thesis title: Impact of Cor Pulmonale, Left Heart Failure, and Cardiopulmonary Medication Use in Patients with Acute Exacerbation of COPD: A Retrospective Cohort Study in Alberta

September 2023 - Present: Co-supervisor

- Katerina Dolguikh - MSc Student - Department of Community Health Sciences
- Thesis title: Health care access and need among patients experiencing incarceration in Alberta

Completed: (n=20)

September 2023 – May 2025: Co-supervisor

- Donovan Seidel - MSc Student - Department of Community Health Sciences
- Thesis title: Does vaccination via community pharmacies work for or against health equity in Canada?

April 2022 – May 2025: Committee Member

- Dr. Jenna Mann – MSc Student – Department of Community Health Sciences
- Thesis title: The impact of proximity to care on outcomes in pituitary adenoma surgery

November 2021 – November 2023: Committee Member

- Jaling Kersen – MSc Student – Department of Community Health Sciences
- Thesis title: Exploring Transitions in Care among Patients with Head and Neck Cancer in Alberta

January 2022 - August 2023: Committee Member

- Abigail Thomas - MSc Student - Department of Community Health Sciences
- Thesis title: Comparing transitions in care among urban and rural critically ill patients: A retrospective cohort study

September 2021 – June 2023: *Primary Supervisor

- Daniel Sadler – MSc Student – Department of Community Health Sciences
- Thesis title: Teaching Mental Health in the Classroom: A Mixed-Methods Investigation of a Mental Health Literacy Program in Elementary Schools

December 2020 - May 2023: Committee Member

- Eric Norrie - MSc Student - Department of Community Health Sciences
- Thesis title: Decade of Turmoil: A Characterization of a Specialized Refugee Health Clinic 2011-2020

December 2020 – December 2022: Committee Member

- Mina Fahim – MSc Student – Department of Community Health Sciences
- Thesis title: Child and youth physical activity and mental healthcare utilization in Canada: A longitudinal study utilizing record linkage

September 2020 – June 2022: Committee Member

- Michelle Leong – MSc Student – Department of Community Health Sciences
- Thesis title: Evaluating the impact of a patient navigator intervention within a chronic disease population

September 2020 – June 2022: Committee Member

- Alexandra Chiew – MSc Student – Department of Community Health Sciences
- Thesis title: Assessing changes in relational continuity of care among adults with vulnerable housing in a transitional case management program

September 2019 – June 2021: *Primary Supervisor

- Christy Chong – MSc Student - Department of Community Health Sciences
- Thesis title: Determining the association between continuity of primary care and acute care use among adult patients with chronic kidney disease in Alberta, Canada

November 2018 – April 2021: Committee Member

- Sylvia Aponte-Hao – MSc Student – Department of Community Health Sciences
- Thesis title: Creating a Frailty Case Definition for Primary Care EMRs Using Machine Learning

March 2017 – September 2020: Committee Member

- Dr. Kate Skolnik - MSc Student – Department of Community Health Sciences
- Thesis title: Hospitalization Cost of Canadian Cystic Fibrosis Patients

November 2018 – April 2020: *Co-Supervisor

- Connor O’Rielly – MSc Student – Department of Community Health Sciences
- Thesis title: Development of a Clinical Care Pathway for Patients with Suspected Acute Coronary Syndromes in the Emergency Department

September 2017 – May 2019: *Primary Supervisor

- Dr. Rebecca Hartley - MSc Student – Department of Community Health Sciences
- Thesis title: Derivation and Internal Validation of a Prediction Model for Hand Fracture Referral Among Pediatric Patients

September 2017 – August 2018: Committee Member

- Dr. Bayan Missaghi – MSc Student – Department of Community Health Sciences
- Thesis title: The Human Microbiome: Implications for Health and Disease

September 2016 – May 2018: Committee Member

- Dr. Bhavneet Kahlon - MSc Student – Department of Community Health Sciences
- Thesis title: Progression of kidney disease in adolescents and emerging adults with chronic kidney disease

October 2016 – March 2018: Committee Member

- Brendan Cord Lethebe – MSc Student – Department of Community Health Sciences

- Thesis title: Using machine learning methodology to improve chronic disease case definitions in primary care electronic medical records

April 2016 – July 2017: Committee Member

- Dr. Stephen Smith – MSc Student – Department of Community Health Sciences
- Thesis title: Examining the association between surgical ileostomy formation and acute kidney injury

October 2014 – September 2015: *Co-Supervisor

- Lauren Galbraith – MSc Student – Department of Community Health Sciences
- Thesis title: Identifying Chronic Kidney Disease in the Community: The See Kidney Disease (SeeKD) Targeted Screening Program
(<http://theses.ucalgary.ca//handle/11023/2558>)

June 2014 – February 2016: Thesis Advisory Committee Member

- Dr. Daniel Kobewka – MSc Student – Clinical Epidemiology Program
- Thesis title: Systematic Analysis of Deaths at the Ottawa Hospital

PhD Supervision:

In-Progress: (n=9)

September 2025 – Present: Committee Member

- Tim Chung – PhD Student – Department of Community Health Sciences
- Thesis title: The epidemiology of resuscitation: A provincial pragmatic evaluation of out-of-hospital cardiac arrest (OHCA) recovery

September 2024 – Present: Committee Member

- Bradon Pattar – PhD Candidate – Department of Cardiac Sciences
- Thesis title: The epidemiology, management, and prevention of chronic kidney disease in transgender and gender diverse individuals living in Alberta

September 2024 – Present: *Co-supervisor with Dr. Gina Dimitropoulos

- Megan Patton – PhD Student – Department of Community Health Sciences
- Thesis title:

September 2024 – Present: *Co-supervisor with Dr. Aminu Bello

- Himasara Pathiraja – PhD Student – Department of Community Health Sciences
- Thesis title: TBD

May 2024 – Present: Committee Member

- Nasiba Ahmed – PhD Candidate – Department of Community Health Sciences, University of Manitoba
- Thesis title: Machine-learning methods for detecting multimorbidity clusters and trajectories in electronic health data

September 2023 - Present: Committee Member

- James King - PhD Candidate - Department of Community Health Sciences
- Thesis title: The epidemiology of celiac disease in Alberta, Canada: Quantifying the incidence and identifying potential risk factors

September 2022 - Present: *Co-supervisor with Dr. Dallas Seitz

- Jennifer Anderson - PhD Candidate - Department of Community Health Sciences
- Thesis title: Antipsychotic medication adherence and health outcomes among adults with schizophrenia in Alberta

September 2018 – Present: *Co-Supervisor with Dr. Tyler Williamson

- Boglarka Soos – PhD Candidate – Department of Community Health Sciences
- Thesis title: Use of machine learning techniques for chronic disease case identification in linked EMR and administrative data sources

Completed: (n=10)

November 2021 – October 2025: Committee Member

- Jason Black – PhD – Department of Community Health Sciences
- Thesis title: Investigating ensemble methods to improve risk estimates for chronic disease in Canadian primary care: A case study with prediction models for chronic kidney disease in people with diabetes.

January 2021 – September 2025: *Co-Supervisor with Dr. Scott Patten

- Samreen Shafiq – PhD – Department of Community Health Sciences
- Thesis title: Real-world use and long-term safety of lithium in bipolar disorder: Prescribing trends, treatment discontinuation, and risk of chronic kidney disease

November 2019 – September 2025: Committee Member

- Nicola Cavanagh – PhD – Department of Community Health Sciences
- Thesis title: An applied approach to paramedic health and well-being: Culture, measurement, and strategy

April 2021 – April 2024: Committee Member

- Chantal Rytz – PhD – Department of Cardiac Sciences
- Thesis title: Cardiovascular implications of gender-affirming estrogen therapy in transgender women

January 2020 – July 2023: Committee Member

- Chelsea Moran – PhD – Department of Psychology
- Thesis title: A Scoping Review of Self-Report Measures Used to Assess Individual and Contextual Determinants of COVID-19 Vaccination in General Population Samples

June 2020 – June 2022: *Primary Supervisor

- Andrew Stewart – PhD – Department of Community Health Sciences

- Thesis title: Improving care and outcomes for high-needs, high-cost patients with schizophrenia

December 2019 – April 2022: *Co-Supervisor with Dr. Brenda Hemmelgarn

- Dr. Tyrone Harrison – PhD – Department of Community Health Sciences
- Thesis title: Improving the perioperative management of people with kidney failure

April 2016 – May 2020: Committee Member

- Guosong Wu – PhD – Department of Community Health Sciences
- The Development of Patient Safety Indicators for Critically Ill Patients Admitted to the Intensive Care Unit.

July 2015 – April 2019: Committee Member

- Jenine Leal – PhD – Department of Community Health Sciences
- Cost Effectiveness of a Primary Prevention Strategy for *C. difficile* using an Oral Probiotic in all Hospitalized Patients.

September 2016 – November 2019: Committee Member

- Maoliosa Donald – PhD – Department of Community Health Science
- Enhancing Self-management Support for Adults with Chronic Kidney Disease: A Person-centered, Theory-informed Approach.

MSc/PhD Examining Committee:

December 16, 2025 – Internal Examiner (Field of Study Examination)

- Sampson Law – Department of Community Health Sciences – PhD Candidacy Exam

October 24, 2025 – Internal/External Examiner

- Melissa Siple – Department of Community Health Sciences – MSc Defense
- Thesis title: Development of predictive models for care complexity in inflammatory arthritis in Alberta: A population-based approach

July 24, 2025 – External Examiner – University of Waterloo – PhD Defense

- Carrie Shorey – Public Health Sciences
- Thesis Title: Aging under pressure: Stress, inflammation, and cognitive change in immigrant and non-immigrant Canadians

June 3, 2025 – External Examiner – University of Toronto – PhD Defense

- Abby Emdin - Dalla Lana School of Public Health
- Thesis Title: Applying machine learning methods to describe complex medication use in a population of community-dwelling older adults living with dementia: lessons from pharmacoepidemiology studies using health administrative data

February 11, 2025 – Internal/External Examiner (Field of Study Examination)

- Alessandra Paolucci – Department of Community Health Sciences – PhD Candidacy Exam (Health Services Research)

August 23, 2024 – Internal/External Examiner

- Rachelle Drummond – Department of Community Health Sciences
- Thesis Title: Healthcare Utilization Among Young Adult Survivors of Childhood Cancer in Canada: The Role of Patient-Level Factors

May 29, 2024 – Internal/External Examiner

- Mohammed Kamso – Department of Community Health Sciences – PhD Defense
- Thesis Title: A novel semi-automated approach for trial identification and evaluation of the certainty of evidence from network meta-analyses

May 10, 2021 – Internal/External Examiner

- Carlie Montpetit – Department of Community Health Sciences – MSc Defense
- Thesis Title: Considering a risk profile based on emergency department utilization in young people with eating disorders: Implications for early detection and emergency medicine residency training

December 15, 2020 – Internal/External Examiner (Field of Study Examination)

- Adrijana D'Silva – Department of Community Health Sciences – PhD Candidacy Exam

August 5, 2020 – Internal/External Examiner

- Liam Sutherland – Department of Community Health Sciences – MSc Defense
- Thesis Title: Development and internal validation of a risk prediction model for high-risk adenomas among average risk colorectal cancer screening participants

June 24, 2020 – Internal/External Examiner (Field of Study Examination)

- Callie Clark – Department of Community Health Sciences – PhD Candidacy Exam

June 17, 2020 – Internal/External Examiner

- Daniel Devoe – Department of Medical Sciences – PhD Defense
- Thesis Title: Negative Symptoms in Youth at Risk of Psychosis

June 24, 2019 – Internal Examiner

- Jessalyn Holodinsky – Department of Community Health Sciences – PhD Defense
- Thesis Title: Drip and Ship versus Mothership: Transportation and Treatment Strategies for Acute Ischemic Stroke Patients.

April 18, 2019 – Internal/External Examiner

- Omar Al Busaidi – Department of Medical Sciences – MSc Defence
- Thesis Title: Acute Care Surgery Outcomes.

August 30, 2017 – Internal/External Examiner

- Noor Asaadoun – Department of Medical Sciences (Specialization: Cancer Biology) – MSc Defense
- Thesis Title: Gender disparities in Non-Small Cell Lung Cancer: A Systematic review.

April 12, 2017 – Internal/External Examiner

- Sangmin (Sarah) Lee – Department of Community Health Sciences – MSc Defense
- Thesis Title: Pregnant women with inflammatory bowel disease (IBD) are more likely to be vitamin D insufficient than pregnant women without IBD.

September 12, 2016 – Internal Examiner

- Ellen Kuenzig – Department of Community Health Sciences – PhD Defense
- Thesis Title: The Impact of Study Methodology on Studying Genetic and Environmental Risk Factors for the Inflammatory Bowel Diseases.

Research Preceptor/Mentor:

- Rohma Athar (2024) – Summer Studentship
- Dr Tyrone Harrison (2023-present) – University of Calgary
- Dr Meghan Elliott (2020-present) – University of Calgary
- Dr Dave Campbell (2020-present) – University of Calgary
- Dr Terrence McDonald (2023-present) – University of Calgary
- Caillie Pritchard (June-August 2019) – University of Calgary (RA – Family Medicine)
- Dr Amity Quinn (2017-present) - University of Calgary
- Teagan Donald (June-August 2018) – Summer Studentship
- Bryn Manns (June-August 2018) – Summer Studentship
- Hena Qureshi (July-Dec 2016) - Alberta Health Internship Co-Supervisor (w/ Dr. McBrien)
- Nicola Symonds (June 2016, June-Aug 2017, June 2018) – Summer Studentship
- Sepideh Soury (2016) – University of Calgary
- Ashley Jensen (2016) – University of Calgary
- Ms. Yiran (Erin) Liu (2014-2017) – McGill University
- Dr Sunita Mulpuru / Jennifer McKay (2013-2015) – Ottawa Hospital Research Institute

Graduate Teaching Experience:

Sept 2011 – Dec 2012: Graduate Teaching Assistant

MDCH 741: Systematic Reviews and Meta-analysis – Department of Community Health Sciences, University of Calgary

VI. Administrative Responsibilities

i. Departmental

November 2025 – Search and Selection Committee – Department Head – Community Health Sciences

February 2024 - Search and Selection Committee – Ohlson Research Initiative (Applied Health Economist – Departments of Surgery and Community Health Sciences).

June 1 2021 – June 30, 2023 – Associate Department Head (Research Portfolio) – Community Health Sciences

April 16 & 26 2021 - Search and Selection Committee – Spousal Hire (Health Services Research - Department of Community Health Sciences).

March 1 2020 – April 30, 2021 – Deputy Department Head and Strategic Planning and Implementation Committee – Community Health Sciences (support Dr. Clement in the implementation of strategic plans/initiatives within the department)

2020 (January-April) – Faculty Advisor – Community Health Sciences Student Executive (CHSSE) Career Panel Development

2018 - 2022 (January-April) – Faculty Advisor/Preceptor – MDCH 664 – Administrative Data Analysis Methodology Course

2016 – 2019: Faculty Advisor – Campus Alberta Student Conference on Health (CASCH)

2016 – November 14: Svare Chair in Health Economics – Studentship Application Reviewer

2015 – November: Department of Community Health Sciences - CIHR Masters Award – Peer Reviewer and Advisor

2015 – February: AIHS Graduate Studentship Application – Advisor

2015 – February: Department of Community Health Sciences Admissions Committee

2014 – 2020: University of Calgary – Essentials of Biostatistics Micro-Conference - Poster Presentation Reviewer.

ii. Faculty

2025 – September-December: MDSC 507/528 (Independent Studies in Medical Science) – Co-evaluator: Postmenopausal health

2022 – January-April: MDSC 507/528 (Independent Studies in Medical Science) – Co-evaluator: Evaluation of reporting quality: SARS-CoV-2 sero-surveillance

2021 – September-December: MDSC 507/528 (Independent Studies in Medical Science) – Co-evaluator: Evidence synthesis during public health crises: SARS-CoV-2 sero-surveillance

2020 – February 11: University of Calgary – Cumming School of Medicine – Applied Evidence Based Medicine (AEBM) – Small Groups Preceptor - Systematic Reviews Session

- 2018 – University of Calgary – Cumming School of Medicine – Clinical Research Fund Seed Grant Peer Reviewer (July 6th, 2017 and March 30th, 2018)
- 2018 – November 2: University of Calgary - Leaders in Medicine Research Symposium – Poster Presentation Reviewer.
- 2016 – October 28: University of Calgary - Leaders in Medicine Research Symposium – Poster Presentation Reviewer.
- 2014 – November 1: University of Calgary - Leaders in Medicine Research Symposium – Poster Presentation Reviewer.

iii. University

- 2025 – March 15: Cumming School of Medicine Office of MD Admissions – MMI interviewer for medical school admissions.
- 2024 – October: Search and Selection Committee – CRC Tier 2 in Data Integration and Information Visualization in Digital Health (Department of Computer Science)
- 2024 – February – Aug 2025: Associate Scientific Director - Health Systems Portfolio - O'Brien Institute for Public Health (OIPH)
- 2020 – December 18: Search and Selection Committee – CRC Tier 1 Digital Health in Precision Medicine
- 2020 – February 10: Cal Wenzel Family Foundation Chair in Hepatology – Advisory Committee Meeting (delegate for Department of Community Health Sciences)
- 2020 – February-June: Search and Selection Committee – Biostatistician – Department of Community Health Sciences
- 2019 – November 21: O'Brien Institute for Public Health (OIPH) – Post-doctoral Scholarship Peer Review Committee (10 hours)
- 2019 – 2022: Emerging Leaders Council Member
O'Brien Institute for Public Health (OIPH)
- 2017 – 2022: Graduate Education Committee (GEC) Specialization Chair – Health Services Research Stream.
- 2017 – Oct 5 & 12: Search and Selection Committee – Spousal Hire (Health Services Research - Department of Community Health Sciences).

2017 – May/June: Search and Selection Committee – Models of Care Scientist (Department of Family Medicine).

VII. Professional Activities

2025 – April 18-22: Canadian Foundation for Innovation (CFI) – John R Evans Leaders Fund Peer Reviewer

2024 - January 15-17: Canadian Institutes of Health Research (CIHR) - Canada Research Chair - Tier 2 Peer Reviewer

2023 - October 5-12: Partnership for Research and Innovation in the Health System (PRIHS) 8 Internal Peer Reviewer (5 hours)

2023 - January 26 - Present: Canadian Medication Appropriateness and Deprescribing Network - Research Committee Member

2022 - June 23-28: Partnership for Research and Innovation in the Health System (PRIHS) 7 Internal Peer Reviewer (10 hours)

2022 - Present: Member of the Alberta Children's Hospital Research Institute (ACHRI) Child Health & Wellness Researcher within the Child Health Data Science Program

2021 – May 15-17: Kidney Foundation of Canada (KFOC) – Biomedical Research Grant Competition – Peer Review Committee (50 hours)

2021 – March 18 – Present: Canadian Institutes of Health Research (CIHR) College of Reviewers Member.

2020 – October 1 – January 2022: Evaluation team for the Alberta COVID-19 Border Testing Pilot Program to reduce the 14-day quarantine period for international travellers

2020 – October 1 – Present: Co-Investigator – Diabetes Action Canada (DAC) – Digital Health and Health Informatics Research Group

2020 – April 28 – June 15: Strategic Clinical Network (SCN) – Avoidable Admissions Working Group. (Collaborated on a report for AHS executive leadership to help prioritize improvement opportunities within clinical services).

2020 – January 1 – Present: Co-Director – Alberta Kidney Disease Network (AKDN)

2020 – January 15 - Present: Division of Nephrology - Research Executive Committee Member (Advisor for research related to AKDN/ICDC data holdings)

2020 – April 1 - Present: - Innovative Clinical Trial (iCT) Interdisciplinary Chronic Disease

Collaboration Executive and Steering Committee Member
(Responsible for the development of the embedded iCT graduate training program in addition to directing project funds and deliverables for a \$6M CIHR grant)

2020 – June 1 - Present: Division of Nephrology – Protocol Review Committee Member

2019 – December - Present: Collaborator – Refugee Health YYC
(Advisor for refugee health-related projects that involve the secondary use of health data within the Mosaic Health Refugee Clinic in Calgary)

2019 – December 2-4: Kidney Foundation of Canada (KFOC) – Biomedical Research Grant Competition – Peer Review Committee (50 hours)

2019 – July 12-16: United Kingdom (UK) Research and Innovation – Medical Research Council Peer Reviewer for the Clinical Scientist Fellowship Award (10 hours)

2019 – May 27: Canadian Foundation for Health Care Improvement (CFHI), Priority Health Innovation Challenge – Peer Review Committee (5 hours)

2019 – March 25 –May 24: Canadian Institutes of Health Research (CIHR), Health Services Evaluation and Intervention Research 2 – Peer Review Committee (50 hours)

2018 – December 3-5: Kidney Foundation of Canada (KFOC) – Biomedical Research Grant Competition – Peer Review Committee (50 hours)

2018 – May 2 –8: Alberta Innovates – Partnership for Research and Innovation in the Health System (PRIHS) – Expression of Interest (EOI) Peer Review Committee (30 hours)

2018 – March 22 –June 15: Canadian Institutes of Health Research (CIHR), Health Services Evaluation and Intervention Research 2 – Peer Review Committee (50 hours)

2018 – March 7: Roy and Vi Baay Chair in Kidney Research – Research Day – Poster Presentation Reviewer (3 hours)

2018 – Present: Canadian Network for Observational Drug Effect Studies (CNODES) - Site Investigator (Alberta): (<https://www.cnodes.ca/member/paul-e-ronksley/>)
- Prescription ranitidine use and exposure in Canada, 1996 to 2019
- Use of domperidone and risk of serious cardiac events in postpartum women
- Use of Sodium-glucose co-transporter 2 (SGLT2) inhibitors and risk of major adverse cardiac events

2018 – Present: Cochrane Collaboration Member (contribute to knowledge synthesis activities within this network)

2017 – October: Canadian Institutes of Health Research (CIHR), Doctoral Research Awards (B) – Review and Awards Committee (40 hours of service)

- 2015 – Present: O’Brien Institute for Public Health (OIPH) – Internal Peer Reviewer – CIHR transitional open operating and project scheme grant competitions
- 2014 – Present: Chair – Interdisciplinary Chronic Disease Collaboration (ICDC)/Division of Nephrology - Graduate Training Program
- 2014 – May 2020: Co-Chair – Unit 27 Renal Research Rounds
- 2014 - November: International Society of Nephrology (ISN) – World Congress of Nephrology Abstract Reviewer (Topic: Epidemiology, outcomes and health services research in dialysis).
- 2013 – October 2014: Postdoctoral Fellow – Ottawa Hospital Research Institute (OHRI) Department of Clinical Epidemiology. Supervisor: Dr. Alan Forster
- Graduate student teaching and mentorship
 - Assisted in development of the graduate training program for health system performance within the OHRI.
- 2010 – Present: Member of International Methodology Consortium for Coded Health Information (IMECCHI)
- 2008- Present: Investigator - Alberta Kidney Disease Network (AKDN)
- Outcomes assessment using provincial administrative data sources.
- 2005 - 2011: Research Associate – ALA Sleep Centre - Foothills Medical Centre
- Economic evaluation of continuous positive airway pressure and health care utilization among patients with Obstructive Sleep Apnea.
 - Hypoventilation and Obstructive Sleep Apnea
- 2006 - 2011: Polysomnographic Technologist –Foothills Medical Centre
- Evaluation and treatment of sleep disordered breathing.
- 2004 - 2006: Research Coordinator – Alberta Children’s Hospital
- Cardiovascular Complications and Obstructive Sleep Apnea in Children.

VIII: Research Support (Current and Previous Support: n=48)

i. Current Funds Held (n=15)

1. *Co-developing a partnership platform to disseminate community-led health equity research and knowledge mobilization*

Funding Source: Canadian Institutes of Health Research (CIHR)

Program Name: Planning and Dissemination Grant

Principal Investigator: Dr. Pamela Roach

Role: Co-Investigator

Funding: \$19,868

Support Period: 10/2025-09/2026

2. *Sex and gender differences in the burden, management, and outcomes of chronic kidney disease*

Funding Source: Kidney Foundation of Canada

Program Name: Kidney Health Research Grant

Principal Investigator: Dr. Ping Liu

Role: Co-Investigator

Funding: \$180,000

Support Period: 07/2025-06/2028

3. *EQUIP Re-CKD: EQUity In predicting Re-hospitalization among people with Chronic Kidney Disease*

Funding Source: Canadian Institutes of Health Research (CIHR)

Program Name: Team Grant – Embracing Diversity to Achieve Precision & Health Equity

Principal Investigator: Dr. Meghan Elliott

Role: Co-Investigator

Funding: \$1.5M

Support Period: 07/2025-06/2030

4. ***Improving prediction of hospital readmission: Development of a prediction framework and novel prediction tool***
Funding Source: Alberta Innovates
Program Name: LevMax Competition
Principal Investigator: Dr. Tyrone Harrison
Role: Co-PI
Funding: \$750,000
Support Period: 01/2025-12/2028
5. ***Childhood anxiety and depression and the development of migraine in adolescence: a longitudinal Canadian cohort study***
Funding Source: American Headache Society
Program Name: Early-Stage Investigator Career Research Award
Principal Investigator: Dr. Serena Orr
Role: Co-PI
Funding: \$50,000 USD
Support Period: 05/2024-04/2026
6. ***Measuring and improving the quality of community-based dementia care***
Funding Source: Alzheimer's Association
Program Name: Advancing Research on Care and Outcome Measures (ARCOM)
Principal Investigator: Dr. Dallas Seitz
Role: Co-PI
Funding: \$249,589
Support Period: 05/2024-04/2026
7. ***Novel mortality risk prediction tools to inform shared decision making for people with kidney failure***
Funding Source: Alberta Innovates
Program Name: LevMax Health Program
Principal Investigator: Dr. Ping Liu
Role: Co-Investigator
Funding: \$750,000
Support Period: 02/2024-01/2027
8. ***Person-centred perioperative risk prediction for people with kidney failure***
Funding Source: Kidney Foundation of Canada
Program Name: Kidney Health Research Grant
Principal Investigator: Dr. Tyrone Harrison
Role: Co-Investigator
Funding: \$180,000
Support Period: 07/2023-06/2026
9. ***Calgary Kids' Hand Rule: Implementation and Evaluation of a Pilot Care Pathway for Pediatric Hand Fractures***

Funding Source: Office of Surgical Research (OSR) - University of Calgary
Program Name: Pathways to Success Grant
Principal Investigator: Dr. Rebecca Hartley
Role: Co-Investigator
Funding: \$150,000
Support Period: 07/2023-06/2026

10. *Supporting long term care residents through transitions to acute care hospital and end-of-life care with personalized prognoses and electronic decision support tools*

Funding Source: Canadian Institutes of Health Research (CIHR)
Program Name: Team Grant - Transitions in Care
Principal Investigator: Dr. Daniel Kobewka
Role: Co-Investigator
Funding: \$959,987
Support Period: 09/2022-08/2026

11. *Strategy for Patient Oriented Research (SPOR) Primary Care Network*

Funding Source: Canadian Institutes of Health Research (CIHR)
Program Name: SPOR Primary Care Network
Principal Investigator: Dr. Sabrina Wong
Role: Co-Investigator
Funding: \$10M (\$700,000 to Dr. Ronksley as project lead)
Support Period: 04/2022-03/2027

12. *Impact of COVID-19 on Health Care Access, Utilization, Delivery, and Outcomes for Patients with Pulmonary Diseases in Alberta (INCLUDE Study)*

Funding Source: Canadian Institutes of Health Research (CIHR)
Program Name: Health Impacts of COVID-19
Principal Investigator: Dr. Grace Lam
Role: Co-Principal Investigator
Funding: \$405,226
Support Period: 04/2022-03/2025

13. *The Canadian Collaboration for Complex Care (C4): Innovations for optimal and appropriate care for all*

Funding Source: Canadian Institutes of Health Research (CIHR)
Program Name: Team Grant – Personalized Health
Principal Investigator: Dr. Doreen Rabi
Role: Co-Investigator
Funding: \$464,886
Support Period: 09/2021-08/2025

14. *Innovative Clinical Trials Program – Interdisciplinary Chronic Disease Collaboration*

Funding Source: CIHR
Program Name: Operating Grant: SPOR Innovative Clinical Trial Multi-Year Grant
Principal Investigator: Dr. Matthew James

Role: Co-investigator
Funding: \$6M
Support Period: 04/2020-03/2025

15. ***High needs, high cost patients: A precision public health approach to improve lives and system sustainability***

Funding Source: CIHR
Program Name: Project Grant Fall 2019 Competition
Principal Investigator: Dr. Paul Ronksley
Funding: \$218,025
Support Period: 04/2020-03/2025

ii. Previous Funds Held (n=33)

1. ***Investigating Community-Engaged COVID-19 Vaccine Delivery Models Among Marginalized Newcomer Communities: Employment, Community, and Mobile-based Approaches***

Funding Source: Canadian Institutes of Health Research (CIHR)
Program Name: Emerging COVID-19 Research Gaps & Priorities
Principal Investigator: Dr. Gabriel Fabreau
Role: Co-Investigator
Funding: \$469,235
Support Period: 01/2022-12/2024

2. ***Decisions to Seek Emergency Medical Care Among People with Kidney Failure: Implications for Optimal Care Delivery***

Funding Source: Canadian Institutes of Health Research (CIHR)
Program Name: Project Grant Spring 2021
Principal Investigator: Dr. Meghan Elliott
Role: Co-Investigator
Funding: \$165,000
Support Period: 09/2021-08/2023

3. ***Primary Health Care Integration Network Knowledge Synthesis Priorities***

Funding Source: Alberta Health Services – Primary Health Care Integration Network
Program Name: Knowledge Synthesis Award
Principal Investigator: Dr. Paul Ronksley
Funding: \$40,000
Support Period: 01/2018-12/2023

4. ***Transforming chronic kidney disease care: A personalized, patient-centered approach***

Funding Source: CIHR
Program Name: Foundation Scheme 2015
Principal Investigator: Dr. Brenda Hemmelgarn

Role: Program Expert
Funding: \$1.6M
Support Period: 10/2016 to 09/2024

5. ***Regional Variation of Continuity of Care Primary Care Workforce and Patient Health Outcomes***

Funding Source: Medical Services Incorporated (MSI) Foundation
Program Name: Research Grant
Principal Investigator: Dr. Terry McDonald
Role: Co-Investigator
Funding: \$93,400
Support Period: 09/2022-08/2024

6. ***Understanding the Epidemiology of Polycystic Ovary Syndrome in Alberta***

Funding Source: Canadian Institutes of Health Research (CIHR)
Program Name: Early Career Investigator Grant in Women's Health Research
Principle Investigator: Dr. Jamie Benham
Role: Co-Investigator
Funding: \$100,000
Support Period: 10/2022 – 09/2023

7. ***Improving Health Care Practices and Processes Through Behavioural Change***

Funding Source: University of Calgary, Haskayne School of Business
Program Name: Transformative Research Grant
Principal Investigator: Dr. Marco Bijvank
Role: Co-investigator
Funding: \$240,500
Support Period: 01/2018-07/2022

8. ***A prospective study evaluating complement activation among pregnant patients with obstetrical antiphospholipid syndrome***

Funding Source: Canadian Institutes of Health Research (CIHR)
Program Name: Early Career Investigator Grant in Maternal, Reproductive, Child & Youth Health
Principal Investigator: Dr. Leslie Skeith
Role: Collaborator
Funding: \$210,000
Support Period: 12/2019-11/2022

9. ***Exploring the role of a nurse-led diabetes outreach worker for patients experiencing homelessness***

Funding Source: Medical Services Incorporated (MSI) Foundation
Program Name: Research Grant
Principal Investigator: Dr. David Campbell
Role: Co-Investigator
Funding: \$99,550

Support Period: 09/2020-08/2022

10. ***Characterizing emergency department utilization and perceived avoidability among patients with end-stage kidney disease***

Funding Source: Medical Services Incorporated (MSI) Foundation

Program Name: Research Grant

Principal Investigator: Dr. Meghan Elliott

Role: Co-Investigator

Funding: \$98,161

Support Period: 09/2020-08/2022

11. ***The Anatomy, Determinants and Impact of the Cargill COVID-19 Outbreak Among Newcomers and their Families in Canada***

Funding Source: CIHR

Program Name: Operating Grant: COVID-19 May 2020 Rapid Research Competition

Principal Investigator: Dr. Gabriel Fabreau

Role: Co-Investigator

Funding: \$364,913

Support Period: 07/2020-06/2021

12. ***Preventing medication complications during AcUte illness through Symptom Evaluation and sick day guidance (PAUSE): Development of a Patient-Centered Mobile Health Intervention***

Funding Source: Canadian Institutes of Health Research (CIHR)

Program Name: Project Grant Fall 2020

Principle Investigator: Dr. David Campbell

Role: Co-Investigator

Funding: \$100,000

Support Period: 04/2021 – 03/2022

13. ***Connect 2 Care: Evaluation of a novel community outreach program for socially vulnerable patients with complex needs***

Funding Source: CIHR

Program Name: Project Grant Spring 2019 Competition

Principal Investigator: Dr. Kerry McBrien

Role: Co-investigator

Funding: \$325,890

Support Period: 09/2019-08/2021

14. ***Prescribing higher-priced medicines: Implications for adherence, costs, and chronic disease management***

Funding Source: Medical Services Incorporated (MSI) Foundation

Program Name: Research Grant

Principal Investigator: Dr. Reed Beall

Role: Co-Principal Investigator

Funding: \$51,450

Support Period: 09/2019-08/2021

15. *Preventable Acute Care Spending among High System Users*

Funding Source: CIHR

Program Name: Operating Grant: Secondary Data Analysis

Principal Investigator: Dr. Paul Ronksley

Funding: \$69,000

Support Period: 03/2018 to 03/2021

16. *Development of a Care Pathway for Pediatric Hand Fractures – Identifying Barriers and Facilitators to Implementation*

Funding Source: University of Calgary, Cumming School of Medicine

Program Name: VPR Catalyst Grant

Principal Investigator: Dr. Paul Ronksley

Funding: \$8,000

Support Period: 03/2021-09/2021

17. *Predicting Emergency Department Use Among Patients Receiving Hemodialysis Care*

Funding Source: Kidney Foundation of Canada

Program Name: Biomedical Research Grant

Principal Investigator: Dr. Paul Ronksley

Funding: \$100,000

Support Period: 07/2018 to 03/2021

18. *The Association between General Practitioner Patient Volumes and Health Outcomes*

Funding Source: Medical Services Incorporated (MSI) Foundation

Program Name: Research Grant

Principal Investigator: Dr. Terrance McDonald

Role: Co-investigator

Funding: \$88,000

Support Period: 09/2018-08/2020

19. *Data Management Plan Template for Systematic Reviews/Knowledge Syntheses*

Funding Source: Portage Network (Canadian Association of Research Libraries)

Program Name: Data Management Plan Template Development Fund

Principal Investigator: Heather Ganshorn

Role: Co-investigator

Funding: \$1500

Support Period: 05/2020-07/2020

20. *Better Prediction and Decision Support Tools to Improve Care and Outcomes for Patients with Acute Kidney Injury*

Funding Source: CIHR

Program Name: Foundation Scheme 2014 – Live Pilot

Principal Investigator: Dr. Matthew James

Role: Program Expert

Funding: \$855,843
Support Period: 07/2015 to 06/2020

21. *Improving the Efficient and Equitable care of Patients with Chronic Medical Conditions: Interdisciplinary Chronic Disease Collaboration*

Funding Source: Alberta Innovates – Health Solutions (AI-HS)
Program Name: Operational Team Grant – Collaborative Research and Innovation Opportunity (CRIO)
Principal Investigators: Drs. Hemmelgarn, Manns, Tonelli
Role: Co-investigator
Funding: \$5,000,000
Support Period: 04/2014 to 03/2020

22. *The Syrian Refugee Surge to Canada: A Health System's Response*

Funding Source: Medical Services Incorporated (MSI) Foundation
Program Name: Research Grant
Principal Investigator: Dr. Gabriel Fabreau
Role: Co-investigator
Funding: \$95,000
Support Period: 09/2017-08/2019

23. *Pediatric Hand Fractures Requiring Specialist Referral – Derivation and Validation of a Clinical Prediction Rule*

Funding Source: Alberta Health Services – Surgery Clinical Strategic Network
Program Name: Surgery SCN Seed Grant Competition
Principal Investigator: Drs. Frankie Fraulin & Rebecca Hartley
Role: Co-investigator
Funding: \$15,000
Support Period: 09/2018 to 08/2019

24. *Predicting Emergency Department Use Among Patients Receiving Hemodialysis Care*

Funding Source: University of Calgary, Cumming School of Medicine
Program Name: Enhanced Bridge Funding
Principal Investigator: Dr. Paul Ronksley
Funding: \$25,000
Support Period: 04/2018 to 03/2019

25. *Coordinated Care Team for Vulnerable Patient Populations with Complex Care Needs*

Funding Source: Alberta Innovates – Health Solutions (AI-HS)
Program Name: Partnership for Research and Innovation in the Health System (PRIHS)
Lead: Dr. Gabriel Fabreau (Co-Leads): Drs. McBrien, Nguyen, Lang
Role: Co-investigator
Funding: \$1.8M
Support Period: 10/2016 to 09/2019

26. ***Effectiveness of transitional care interventions for complex medical patients: A systematic review***
Funding: Alberta Health Services
Program Name: Primary Health Care Integration Network Literature Review Grant
Principal Investigator: Dr. Paul Ronksley
Funding: \$10,000
Support Period: 04/2018 to 03/2019
27. ***Effectiveness of hospital avoidance interventions among elderly patients: A systematic review***
Funding Source: Alberta Health Services – Emergency Clinical Strategic Network
Program Name: ESCN Systematic Review Grant Competition
Principal Investigator: Dr. Paul Ronksley
Funding: \$15,000
Support Period: 04/2017 to 04/2018
28. ***Investigating complex chronic disease and high system use through novel linkages between primary care electronic medical records and population-based administrative data***
Funding Source: University of Calgary, Cumming School of Medicine
Program Name: Clinical Research Fund Seed Grant
Principal Investigator: Dr. Paul Ronksley
Role: Principal Investigator
Funding: \$10,000
Support Period: 03/2016 to 02/2018
29. ***Discharging complex emergency department patients for management in the community: Complicating factors, readmission rates, and estimated cost-saving***
Funding Source: O'Brien Institute for Public Health – University of Calgary
Program Name: Catalyst Grant
Principal Investigators: Dr. Kerry McBrien and Dr. Paul Ronksley
Funding: \$12,000
Support Period: 12/2016 to 12/2017
30. ***Improving care and outcomes of patients with CKD managed in primary care***
Funding Source: CIHR
Program Name: Operating Grant - SPOR Primary & Integrated Health Care Innovation (PIHCI) Network – Quick Strike
Principal Applicant: Dr. Aminu Bello
Role: Co-Principal Investigator
Total Amount Requested: \$164,156
Support Period: 07/2016 to 06/2017
31. ***Impact of restrictions on antimicrobial agents in food animals and reduction in prevalence of antimicrobial resistance in food animals and humans***
Funding Source: World Health Organization (WHO)
Team Grant: (Investigators: Drs. Ghali, Ronksley, Cork, Barkema, Kellner)

Role: Co-principal Investigator
Funding: \$50,000 USD
Support Period: 06/2016 to 11/2016

32. *Characterizing high system use across the primary-tertiary care continuum: parallel analyses of select Canadian health datasets*

Funding Source: CIHR
Program Name: Operating Grant - SPOR Primary & Integrated Health Care Innovation (PIHCI) Network – Quick Strike
Principal Investigator: Dr. Tyler Williamson
Role: Co-principal Investigator
Funding: \$153,265
Support Period: 07/2015 to 08/2016

33. *Preventable acute care spending among high cost inpatients*

Funding Source: University of Calgary, Cumming School of Medicine
Program Name: Enhanced Bridge Funding
Principal Investigator: Dr. Paul Ronksley
Role: Principal Investigator
Funding: \$50,000
Support Period: 07/2015 to 04/2016

IX: Invited Presentations/Guest Lectures (n=45)

1. Ronksley PE. Improving surveillance and quality of care for patients living with chronic kidney disease using complementary population-based data sources from Canada and Australia. Health Services Research Association of Australia and New Zealand (HSRAANZ) Annual Conference, Brisbane, QLD, December 5, 2024.
2. Ronksley PE, Tang T, Bhattacharyya O. Care integration for patients with complex needs: Understanding the challenges and paths forward. Canadian Primary Care Research Network (CPCRN) Learning Series. Virtual Panel Presentation – October 22, 2024.
3. Ronksley PE. Kidney Health Research in Alberta, Canada: Current Projects and Future Directions. Prince of Wales Hospital, Sydney, NSW, Australia, May 29, 2023.
4. Ronksley PE, Ravani P. Roy and Vi Baay Chair Grant Writing Workshop. University of Calgary, February 7, 2022.
5. Ronksley PE. Systematic Reviews and Meta-analysis. MDCH 681 – Health Research Methods. University of Calgary, February 15, 2022.
6. Ronksley PE. Creating a Research Profile – Interdisciplinary Chronic Disease Collaboration (ICDC) Graduate Training Program Seminar. University of Calgary, April 7, 2021.

7. Ronksley PE. Systematic Reviews and Meta-analysis. MDCH 681 – Health Research Methods. University of Calgary, February 9, 2021.
8. Ronksley PE. Segmenting high-needs patients within primary care into potentially actionable groups. North American Primary Care Research Group (NAPCRG) Annual Conference (Virtual Presentation). November 23, 2020.
9. Ronksley PE. Systematic Reviews and Meta-analysis. Department of Surgery – Surgical Foundations Critical Thinking. November 19, 2020.
10. Ronksley PE. MDCH 700 – Directed Study – Applied administrative data analysis in critical care. Secondary use of data courses beyond the acute care setting. October 5, 2020.
11. Ronksley PE, Garies S, Tayler M, Bernhart J. Big Data in Primary Care. Primary and Integrated Health Care Innovations Network (PIHCIN) Summer Learning Series (Virtual Panel Presentation). August 18, 2020.
12. Ronksley PE. Segmenting persistently high-cost individuals into actionable groups. Canadian Association for Health Services and Policy Research (CAHSPR) Annual Conference, Saskatoon, SK, May 28, 2020.
13. Ronksley PE. Systematic Reviews and Meta-analysis. MDSC 415 – Introduction to Epidemiology. University of Calgary, March 31, 2020.
14. Ronksley PE. Systematic Reviews and Meta-analysis. MDCH 681 – Health Research Methods. University of Calgary, February 11, 2020.
15. Ronksley PE. Improving care and outcomes for high needs, high cost patients: A precision public health approach. Interdisciplinary Chronic Disease Collaboration – Research Rounds – University of Calgary, Alberta, January 30, 2020.
16. Ronksley PE. A Crash Course in Systematic Reviews and Meta-analysis. Neonatal Grand Rounds – University of Calgary, Alberta, Oct 29, 2019.
17. Ronksley PE. Meta-analysis 101. Clinical Investigator Program (CIP) Seminar Series – University of Calgary, Alberta, October 1, 2019.
18. Ronksley PE. Systematic Reviews and Meta-analysis. MDCH 681 – Health Research Methods. University of Calgary, February 5, 2019.
19. Ronksley PE. Meta-analysis 101. Clinical Investigator Program (CIP) Seminar Series – University of Calgary, Alberta, January 22, 2019.
20. Ronksley PE, Elliot M. Hospital avoidance in chronic kidney disease. Calgary City Wide Renal Rounds – University of Calgary, Alberta, January 17, 2019.

21. Ronksley PE. Canadian Health Information Data Holdings: What's Available? Clinical Investigator Program (CIP) Seminar Series – University of Calgary, Alberta, March 27 and October 2, 2018.
22. Ronksley PE. Systematic Reviews and Meta-analysis. MDCH 681 – Health Research Methods. University of Calgary, March 6, 2018.
23. Ronksley PE, Wick J. Emergency Department Use among Patients with Chronic Kidney Disease. Interdisciplinary Chronic Disease Collaboration – Research Rounds – University of Calgary, Alberta, March 1, 2018.
24. Ronksley PE. Meta-analysis 101. Clinical Investigator Program (CIP) Seminar Series – University of Calgary, Alberta, Feb 20, 2018.
25. Ronksley PE, Ganshorn H. Appraising a Systematic Review and Meta-analysis. Applied Evidence Based Medicine (MED 440) – University of Calgary, Alberta, May 9, 2017.
26. Ronksley PE. Trends and Racial Variation in Multimorbidity in the United States. Society of General Internal Medicine (SGIM) Annual Conference, Washington, DC, April 21, 2017.
27. Ronksley PE. High System Use and Chronic Kidney Disease. Alberta Health Services Kidney Health Strategic Clinical Network (KH SCN) Core Committee Meeting. Leduc, Alberta, April 7, 2017.
28. Ronksley PE, Tang K. Restriction in the use of antibiotics in food animals and antibiotic resistance in food animals and humans: A Systematic Review and Meta-Analysis. Guideline Development Group Meeting for the development of a WHO guideline on the use of antimicrobials in food producing animals based on the WHO list of critically important antimicrobials for human medicine. Geneva, Switzerland, March 27, 2017.
29. Ronksley PE. High System Users: Facts, Fallacies, and Future Directions. Alberta Health Services: Primary Health Care – Applied Research and Evaluation Services. Calgary, Alberta, March 2, 2017.
30. Ronksley PE. Systematic Reviews and Meta-analysis. MDCH 681 – Health Research Methods. University of Calgary, January 24, 2017.
31. Ronksley PE. Emergency Department Use among Patients with Chronic Kidney Disease: A Population-based Analysis. American Society of Nephrology (ASN) Annual Conference, Chicago, Illinois, November 17, 2016.
32. Ronksley PE, Slobozian J. Grant Writing 101. MDCH 681 – Health Research Methods. University of Calgary, February 9, 2016.
33. Ronksley PE, Hemmelgarn BH, Allu S, Tam-Tham H. Understanding how an interdisciplinary team works: An introduction to the ICDC. Campus Alberta Student

Conference on Health (CASCH) – interdisciplinary panel session. Banff, AB, September 5, 2015.

34. Ronksley PE. Preventable acute care spending among high cost inpatients. Performance Measurement and Institute for Clinical Evaluative Sciences (ICES) Rounds. Ottawa, ON, March 18, 2014.
35. Ronksley PE. High cost patients within the Ottawa Hospital. Canadian-US Research in Health Information Technology (CUR-IT). Montreal, QC, November 12, 2013.
36. Ronksley PE. Chronic disease research – from access to outcomes. International Methodology Consortium for Coded Health Information (IMECCHI) Annual Conference. Ottawa, ON, April 4, 2013.
37. Ronksley PE. The interdisciplinary chronic disease collaboration. Canadian-US Research in Health Information Technology (CUR-IT). Ottawa, ON, Oct 17, 2012.
38. Ronksley PE. The Canadian Community Health Survey (CCHS). Department of Community Health Sciences Research Methodology Club. University of Calgary, AB, April 10, 2012.
39. Ronksley PE. Chronic disease research – from access to outcomes. Department of Community Health Sciences and Calgary Institute for Population and Public Health Seminar Series, Calgary, AB, March 20 and April 4, 2012.
40. Ronksley PE. Chronic disease and unmet healthcare needs: A national perspective. World Health Organization – Family of International Classifications Annual Meeting, Cape Town, South Africa, November, 2011.
41. Ronksley PE, Ghali WA. Does a drink a day keep heart disease at bay? Evidence and implications of the cardio-protective effect of alcohol. Department of Community Health Sciences and Calgary Institute for Population and Public Health Seminar Series, Calgary, AB, June 2011.
42. Ronksley PE. Validation of a Case Definition to Define Chronic Kidney Disease using Administrative Data. World Health Organization – Family of International Classifications Annual Meeting, Toronto, ON, Oct 2010.
43. Ronksley PE. Optimizing Health for Patients with Chronic Disease. Interdisciplinary Chronic Disease Collaboration - Team Retreat. Sylvan Lake, AB, Oct 2009.
44. Ronksley PE. Calgary Sleep Cohort. Calgary Respiratory and Sleep Medicine Rounds, Dec 2007.
45. Ronksley PE. Hypoventilation, Hypoxemia and Hype. Calgary Respiratory and Sleep Medicine Rounds, Dec 2006.

X: Poster Presentations (n=14)

1. Ronksley PE, Wick J, Elliott MJ, Weaver RG, MacRae JM. Development of a Clinical Risk Prediction Tool for Hyperkalemia-related Emergency Department Encounters Among Hemodialysis Patients. Canadian Society of Nephrology (CSN) Annual Conference, Montreal, QC, May 3, 2019.
2. Ronksley PE, Wick J, Elliott M, Weaver R, MacRae J. Predictors of Hyperkalemia-related Emergency Department Encounters among Patients Receiving Hemodialysis Care. American Society of Nephrology (ASN) Annual Conference, San Diego, California, October 26, 2018.
3. Ronksley PE, Wick JP, Klarenbach S, Manns B. Cost of potentially preventable hospitalizations among patients with chronic kidney disease: A population-based analysis. American Society of Nephrology (ASN) Annual Conference, New Orleans, Louisiana, November 2, 2017.

Mortality and cardiovascular events in adults with kidney failure after major non-cardiac surgery. Canadian Society of Nephrology Virtual Annual General Meeting, May 2021. *Selected as Oral presentation in Top Trainee Abstracts of 2021.
73. Fox D, Donald M, Chong C, Lam N, **Ronksley P**, Quinn RR. Public perceptions of presumed consent for organ donation in Canada: A qualitative descriptive study of public comments from news articles. International Society of Nephrology Virtual World Congress of Nephrology, April 2021.
74. **Ronksley P**, Wick J, Campbell D, Beall R, McBrien K. Segmenting high-needs patients within primary care into potentially actionable groups. North American Primary Care Research Group (NAPCRG) Annual Conference (Virtual Meeting) – November 20-24, 2020.

75. Beall R, Au F, Wick J, Bresee L, Leung A, McBrien K, Quinn A, Manns B, **Ronksley P**. Antihypertensive prescribing for uncomplicated, incident hypertension: Opportunities for cost savings. North American Primary Care Research Group (NAPCRG) Annual Conference (Virtual Meeting) – November 20-24, 2020.
76. Brunetti VC, St-Jean A, Dell’Aniello S, Fisher A, Yu OHY, Bugden SC, Daigle JM, Hu N, Alessi-Severini S, Shah BR, **Ronksley PE**, Lix LM, Ernst P, Filion KB. Characteristics of users of newer antidiabetic drugs in Canada and the United Kingdom. International Society for Pharmacoepidemiology (ISPE) Annual Conference (Virtual Meeting) - August 26, 2020.
77. Filion KB, Lix LM, Yu OHY, Dell’Aniello S, Douros A, Shah BR, St-Jean A, Fisher A, Tremblay E, Bugden SC, Alessi-Severini S, **Ronksley PE**, Hu N, Dormuth CR, Ernst P, Suissa S and the CNODES Investigators. SGLT2 inhibitors and the risk of major adverse cardiovascular events: A multi-database study using a prevalent new-user design. Oral Presentation. International Society for Pharmacoepidemiology (ISPE) Annual Conference (Virtual Meeting) - August 26, 2020.
78. Moriello C, Paterson M, Reynier P, Dahl M, Aibibula W, Fisher A, Gamble JM, Kuo I, **Ronksley PE**, Winquist B, Filion KB and the CNODES Investigators. Off-label use of domperidone among postpartum women: A multi-database study. Oral Presentation. International Society for Pharmacoepidemiology (ISPE) Annual Conference (Virtual Meeting) - August 26, 2020.
79. Douros A, Alessi-Severini S, Bugden SC, Dell’Aniello S, Ernst P, Fisher A, Fralick M, Hu N, Lix LM, **Ronksley PE**, Shah BR, Tremblay E, Filion KB and the CNODES Investigators. Sodium-glucose co-transporter 2 inhibitors and the risk of diabetic ketoacidosis: A multicenter international cohort study. Oral Presentation. International Society for Pharmacoepidemiology (ISPE) Annual Conference (Virtual Meeting) - August 26, 2020.
80. Xu Y, You DZ, Ponich B, Krzyzaniak H, **Ronksley P**, Skeith L, Schneider P, Carrier M. Effect of Oral Anticoagulant Use on Surgical Delay and Outcomes in Hip Fracture Patients: A Systematic Review and Meta-Analysis. ePoster presentation at the International Society for Thrombosis and Haemostasis 2020 Annual Meeting (Virtual Meeting) - July 11-15, 2020.
81. Fabreau GE, McBrien KA, Talavlikar R, Aucoin M, Grewal R, Ip A, Wick J, **Ronksley PE**. Characterization of health conditions among 2125 resettled refugees and asylum claimants to Canada. North American Refugee Health Conference (NARHC) Annual Conference (Virtual Meeting) - June 4-6. 2020.
82. **Ronksley P**, Wick J, Campbell D, Beall R, Hemmelgarn B, Tonelli M, Manns B. Segmenting persistently high-cost individuals into actionable groups. Canadian Association for Health Services and Policy Research (CAHSPR) Annual Conference (Virtual Meeting) - May 27-29, 2020.

83. Quinn A, **Ronksley P**, Bresee L, Au F, Wick J, Manns B, McBrien K, Beall R. Antihypertensive prescribing for uncomplicated, incident hypertension: Opportunities for cost savings in Alberta. Canadian Association for Health Services and Policy Research (CAHSPR) Annual Meeting (Virtual Meeting) - May 27-29, 2020.
84. Singer A, Katz A, Kosowan L, **Ronksley P**, McBrien K, Halas G, Williamson T. Characterizing patients with high use of the primary and tertiary care system. Canadian Association for Health Services and Policy Research (CAHSPR) Annual Meeting (Virtual Meeting) - May 27-29, 2020.
